Der junge Carnap in historischem Kontext: 1918-1935 / Young Carnap in an Historical Context: 1918-1935 Christian Damböck, Gereon Wolters, 2021-05-12 This open access volume is based on the Early Carnap in Context workshop that took place in Konstanz in 2017 and looks at Rudolf Carnap's philosophy documented in his recently released diaries from a combination of historical cultural and philosophical perspectives It enables further evaluation of the diaries and traces newly found interrelationships and their systematic definition From a cultural and historical point of view Logical Empiricism and Carnap's pivotal opus *The Logical Structure of the World* did not evolve in a vacuum This applies equally in a history of philosophy context as well as under consideration of contemporary historical and cultural influences such as the socio cultural setting in Vienna and Prague the correlation between Logical Empiricism and Bauhaus modernism the connection to the Life Reform Movement or the Youth Movement with its own life philosophy Pursuing Carnap's progression on a micro level of history and referring the results back to Carnap's philosophy is now facilitated by recent access to his Diaries from 1908-1935 These shorthand records reading lists travel reports and notes constitute a valuable source for the research of networks and social movements which left their mark on him *Antisemitic Elements in the Critique of Capitalism in German Culture, 1850-1933* Matthew Lange, 2007 This volume examines selected works of German literature from Gustav Freytag to Joseph Goebbels in relation to ethical socio economic and political texts from the economic take off period in the middle of the nineteenth century up to the rise of National Socialism and investigates two aspects of anti Semitic anti capitalistic representations contained therein First it traces how the Jews gained the dubious distinction of being the inventors even embodiment of capitalism and elaborates on negative traits assigned to both of them Second it examines how representations of specifically Jewish capitalists were instrumentalized both to discredit laissez faire and simultaneously to assist in the definition of a specifically German socio economic ethos *Dilettantism and Its Values* Richard Hibbitt, 2017-12-02 The concept of dilettantism has not always been associated with amateurism or superficiality It played a significant role in French and German critical writing from the late eighteenth century until the fin de siècle embracing notions such as apprenticeship fruitful error parody aestheticism and scepticism Attempts to define dilettantism in a binary relationship with art have often been defeated by a fundamental ambivalence towards its values The major texts on the subject are Goethe and Schiller's unfinished dilettantism project 1799 and Paul Bourget's essay on Ernest Renan 1882 although the term was also used by writers including Wieland Baudelaire Laforgue Nietzsche Hofmannsthal and Thomas Mann In this wide ranging study Richard Hibbitt provides the first book length comparative analysis of the concept of dilettantism tracing its chronological development and proposing a synthesis of its diverse aspects and values *Education and the Boarding School Novel* Filipe Delfim Santos, 2017-01-28 In this book the author contributes to genre theory space theory suggesting allotopia for heterotopia or describing hypertopia versus hypotopia the study of authorship the formation

Art and Its Uses in Thomas Mann's Felix Krull Ernest Schonfield, 2008 Thomas Mann's Felix Krull written between 1910-13 and continued though never completed in 1951-54 uses contemporary accounts of these figures as a starting point from which to explore the aesthetics of society The early Krull marks an important stage in Mann's development in a number of respects In writing it Mann acquired a more flexible conception of identity and a new understanding of the relation between artist and public Krull also signals a deeper engagement with Goethe and a shift in Mann's work towards a more open treatment of sexuality The novel presents art as being central to the development of the

individual and to social interaction While Krull is nominally a confidence man he is more of a performance artist a purveyor of beauty who relies upon the complicity of his audience The later Krull takes up where Mann left off and continues the justification of art as an essential human activity This study draws upon unpublished material in order to provide a comprehensive reading of Felix Krull It examines the novel within the context of Mann s work as a whole and in doing so it seeks to demonstrate the remarkable continuity of Mann s creative achievement Nelson's Perpetual Loose-leaf
