

ARGUMENTATION

ETAPE	FORME	EXEMPLE
Annnonce de la partie - Grand chapeau : idée principale - Elle met en avant la première tension	1) Annoncer ce qu'on va démontrer : - Zoomer sur une question dans la phase de questionnement - Reprendre le plan (partie 1)	« L'enseignant, en identifiant la nature des difficultés des élèves, peut mettre en place des procédures de différenciation de profil, pour dépasser les obstacles de chacun »
Annnonce de l'idée - Annnonce de partie en « ciblé (montrer ce qu'on veut résoudre) = difficulté ? » >> mot-clé (arg 1) - Faire un CHOIx sur les termes ciblés ! » « Pair-formance » » « Acquisition sociale commun » - A chaque étape : LIEN avec les mots clés !	1) Annonce de l'idée a) Rendre l'idée explicite direct ! b) Stratégie d'intervention c) Avantages 2) Justification « : Assurer notre idée - Montrer ce que fait l'enseignant pour faire apprendre - Appuis théoriques (connaissances so., inst., pro.) : montrer que cette stratégie est néanmoins pas « magique » - Dire en quel cette théorie questionne le sujet... (planification – réguler) = auto-régulation dans les app. = motivation intrinsèque) 3) Justification « : Contexte et hypothèse - Différentes entrées possibles dans le contexte : » Données académiques : « Au regard des données... » » Projet EPS : « En effet, en vue de répondre au projet... » » Caractéristiques de classe : « Or, à l'égard de ce lycée... » - Dire pourquoi cette caractéristique pose problème à l'idée « sujet 4) Raccrocher au sujet	1/ Pour faciliter l'identification des difficultés motrices des élèves, la structuration des formes de groupement peut aider l'enseignant à différencier des profils pour répondre à des besoins moteurs spécifiques. Précisément, par des « groupes de besoins » (O. Houss, Le groupe, 2000), cette forme d'intervention a l'avantage de répondre à des conduites motrices particulières pour cibler ensuite des apprentissages particuliers. 2/ En effet, dans les approches socio-constructivistes, pour que les élèves apprennent à communiquer, s'entraider, il faut les amener vers un objectif commun (Dumas et Lefort, 2004) et qu'ils acceptent de partager un but. 3/ Dans ce lycée, les groupes de besoin permettent concrètement « de redonner le goût de l'effort pour une progression personnelle (Projet d'EPS, intention éducative n°1). En effet, par des élèves de terminale qui «manque d'intérêt» dans les pratiques en EPS (contexte)... 4/ Ainsi... et donc... Or ce fait...
Illustration - En quel cette idée nous aide à intervenir ? - Expliciter chaque mots clés ! (par des indicateurs pertinents !) » En quoi dans cette situation permet de surmonter les difficultés	1) APSA/AEC/SAC/objectif de séance - Ce que les élèves vont apprendre - S'appuyer sur les programmes 2) Montrer explicitement ce que font les élèves » Donner à voir = les élèves en EPS - Montrer explicitement les mots-clés dans la leçon ! 3) Fonctionner les liens	1/ « A titre d'illustration, en tenant de table pour attendre l'attendu de fin de cycle 3... » 2/ « Ici, les élèves du profil « mobilité » s'engageront dans l'atelier « mobilité » afin de travailler leur déplacement/déplacement. Précisément, par des plots disposés à chaque extrémité du terrain, les élèves devront toucher le plot par des aller-retour puis renvoyer le volant, ils accumuleront des points pour chaque plots touchés... »

Derives De L'argumentation Scientifique:

Les dérives de l'argumentation scientifique Dominique Terré-Fornacciari, 1998 Epistémologiques, philosophiques, anthropologiques Angèle Kremer-Marietti, 2005-01-01 Le présent volume se divise en trois parties dialectiques ou moments principaux d'une investigation qui prend sur la philosophie le point de vue épistémologique La 1^{re} partie aborde certains problèmes laissés en suspens par la philosophie fin de siècle et dont l'interrogation portait tacitement sur La philosophie comme science humaine La 2^e partie ouvre la voie à une recherche de longue haleine travers les siècles philosophiques de ce qu'on peut appeler les parcours du je pense au je connais La 3^e partie aboutit à une question unique qu'est ce que la vérité Les athéismes philosophiques Emmanuel Chubilleau, 2000 Auguste Comte Angèle Kremer-Marietti, 2009-05-01 La philosophie positive d'Auguste Comte était fondée sur l'hypothèse de la science sociale et elle se développerait au fur et mesure que se développerait la science sociale Auguste Comte pensait régner notre espèce dans la sociocratie une forme de gouvernement fondée sur le consentement de tous l'idée en a été annoncée dans l'Introduction fondamentale du Système de politique positive

L'Organisation internationale du travail Jean-Michel Bonvin, 1998 Discusses the establishment of the legitimacy of international labour standards within the ILO between 1919 and 1984 Examines constitutional and structural changes standard setting activity and the supervision of the application of ILO Conventions Considers the impact of power struggles and ideological conflicts on the decisions of the ILO and the contribution of the ILO to the definition of justice *Les réseaux d'acteurs sociaux* Vincent Lemieux, 1999-09 Avec la généralisation du terme réseau il est devenu difficile de faire la distinction entre ce qui est un réseau et ce qui ne l'est pas Cette confusion est particulièrement évidente propos des réseaux sociaux Pour la dissiper il est utile d'opposer les réseaux sociaux aux organisations constituées ou appareils et d'examiner pour cela des réseaux concrets C'est ainsi que sont passés en revue dans cet ouvrage les réseaux de communications de parent réseaux d'affinité de soutien les marchés en tant que réseaux les réseaux de mobilisation les réseaux d'entreprises les réseaux onérant les politiques publiques et les réseaux de clientélisme Sauf dans les cas extrêmes il y a toujours des propriétés d'appareil dans les réseaux comme d'ailleurs il y a toujours des propriétés de réseau dans les appareils ou entre les appareils Ce qui est une autre façon de dire que l'opposition entre la liberté et la contrainte est inhérente tous les systèmes sociaux **Le réformisme pervers** Jean G. Padioleau, 2002 Le réformisme pervers est celui qui subvertit l'institution publique des pompiers pour la dissoudre dans une organisation conventionnelle de service public fonctionnaires corporatistes welfaristes selon le terme anglais Il mine l'engagement des sapeurs pompiers volontaires et la responsabilité des élus il assigne les citoyens des rôles passifs d'usagers consommateurs Le sens de la justice Patrick Pharo, 2001 À la différence des philosophes qui recherchent les critères généraux de la justice les sociologues constatent habituellement une grande diversité parfois même un antagonisme des conceptions de la justice suivant les cultures ou les situations Pourtant sur le sens subjectif

de la justice est certainement très variable son sens logique l'est forcément beaucoup moins il faut bien en effet supposer un sens commun de la justice pour qu'on puisse comparer ses sens particuliers Telle est l'idée de cet ouvrage dont le propos essentiel est de faire apparaître le sens logique objectif de la justice qui contraint ses multiples expressions Les cinq essais qui le composent cherchent à préciser ce sens de la justice en le confrontant des concepts qui lui sont souvent associés tels que la distribution le contrat l'ordre et l'obéissance la louange ou l'accueil des étrangers Dans une optique plus normative l'analyse proposée est aussi une méthode pour mesurer l'écart entre l'idéal de la justice et ses différentes réalisations sociales ce qui donne une certaine façon rejoint le projet des moralistes classiques

L'Etat et la toxicomanie Henri Bergeron, 1999 La France a longtemps refusé de mettre en place une politique palliative de soins aux usagers de drogues dite de réduction des risques en continuant jusqu'en 1994-1995 de privilégier les actions curatives dans le cadre d'un objectif d'abstinence Comment comprendre que les milieux spécialisés concernent aussi l'Etat français aient rejeté aussi longtemps une politique palliative et un outil largement prouvé dans beaucoup de pays comme indispensables L'auteur montre comment s'est constitué un corpus de croyances peu favorables à une telle politique et comment ceux qui ont défini la politique de soins ont continué à agir comme ils ont agi Ce livre est une contribution originale à l'analyse sociologique des croyances collectives A partir du résumé du directeur

La santé au miroir de l'économie Daniel Benamouzig, 2005 depuis plusieurs siècles le système de santé est entré en crise Année après année le trou de la Sécurité apparaît avec un même cortège de difficultés et de menaces Il ne s'agit plus seulement d'assurer tant bien que mal les équilibres comptables il faut désormais entrer au cœur du système de santé pour identifier les inefficiences et tenter d'en infléchir les logiques C'est alors que l'économie de la santé entre en scène elle suppose d'offrir les éléments de diagnostic et les remèdes indispensables la survie d'un tel système de santé Mais la place de l'économie ne manque pas de faire débat qu'on lui impute une importance trop exclusive ou au contraire une influence dérisoire au regard des enjeux et des intérêts en présence Entre les années 1950 et aujourd'hui les rapports entre la santé et l'économie ont en effet singulièrement changé L'appréhension du domaine sanitaire en termes économiques encore taboue dans les siècles d'après-guerre est aujourd'hui devenue courante voire dominante Comment pareille transformation s'est-elle produite Comment les liens entre santé et économie ont-ils été redéfinis au cours de cette période L'histoire de cette transformation historique implique non seulement des spécialistes en économie mais aussi des fonctionnaires des politiques des professionnels de santé et des citoyens plus ou moins directement intéressés par ces développements Plongeant dans le cheveau des pratiques sociales et des institutions cette analyse se situe à la frontière de la sociologie politique et de la sociologie des sciences elle étudie la place spécifique de raisonnements économiques ayant acquis une force cognitive intrinsèque et partant une forme d'autonomie
