Beckett Versus Beckett Marius Buning, 1998 Au cours des sept années d'existence de notre revue nous avons pu traiter moins d'un bon nombre de controverses concernant l'oeuvre de Beckett que ce soit au sujet des publications posthumes ou bien par rapport aux représentations de ses pièces. Plus généralement il existe aussi quantité de controverses portant sur la genèse et la transmission de ses textes ses propres traductions inclus. Enfin dans la recherche beckettienne récente on peut repérer diverses controverses sur les rapports qu'entretient cette oeuvre avec les perspectives et les stratégies postmodernes entre autres. Nous publions dans notre numéro sept 31 approches fort variées de cette problématique par autant de beckettians chevronnés.

**The Grove Companion to Samuel Beckett** C. J. Ackerly, S. E. Gontarski, 2007-12-01 The Nobel Prize winning author Samuel Beckett is a literary treasure and this work represents the only comprehensive reference to the concepts, characters and biographical details mentioned by or related to Beckett. Painstakingly and lovingly compiled by acclaimed Beckett scholars C. J. Ackerly and S. E. Gontarski, it is alphabetical, cross-referenced and laid out in a very user-friendly format. The Grove Companion to Samuel Beckett provides an organized trove of information for students and scholars alike and is a must for any serious reader of Beckett. As most Beckettians know, reading him for the first time is an experience like no other in modern literature.

Gustave Flaubert Samuel Beckett and Marie NDiaye can be considered as visionaries of a peculiarly radical form of failure: their protagonists and texts alike sliding inexorably into unmanageable states of paradox, incompleteness and disintegration. What are the implications of these authors' experiments in splitting and negativity, experiments which seem to indulge the most cynical aspects of nihilism whilst at the same time grappling with the very foundations of politicized and psychic truth? In this unusual edited volume of comparative analyses, Andrew Asibong and Aude Campmas bring together ten provocative and illuminating essays, each of which approaches the various failures of the bizarre trio of canonical francophone writers along three principal axes of investigation: the aesthetic, the emotional and the
