

Derrida And The Political

Suzanne Guerlac, Pheng Cheah

Derrida And The Political:

Derrida and the Time of the Political Suzanne Guerlac, Pheng Cheah, 2009-01-16 A collection assessing the implications of Derrida's thought for contemporary political theory and politics Derrida and the Political Richard Beardsworth, 2013 Jacques Derrida one of the most influential controversial and complex thinkers of our time has come to be at the centre of many political debates This is the first book to consider the political implications of Derrida's deconstruction It is a timely response both to Derrida's own recent shift towards thinking about the political and to the political focus of contemporary Continental philosophy Richard Beardsworth's study *Derrida and the Political* locates a way of thinking about deconstruction using the tools of political philosophy Richard Beardsworth has provided students of philosophy politics and critical theory with a thought provoking upper level introduction to Derrida as a political theorist *The Politics of Deconstruction* Martin McQuillan, 2007-08-20 In this fine collection a group of distinguished scholars have produced the best book so far about Derrida's politics of the future J Hillis Miller Distinguished Research Professor University of California at Irvine Jacques Derrida has had a huge influence on contemporary political theory and political philosophy Derrida's thinking has inspired Slavoj Žižek Richard Rorty Ernesto Laclau Judith Butler and many more contemporary theorists This book brings together a first class line up of Derrida scholars to develop a deconstructive approach to politics Deconstruction examines the internal logic of any given text or discourse It helps us analyse the contradictions inherent in all schools of thought and as such it has proved revolutionary in political analysis particularly ideology critique This book is ideal for all students of political theory and anyone looking for an accessible guide to Derrida's thinking and how it can be used as a radical tool for political analysis **The Politics of Friendship** Jacques Derrida, 2020-10-13 The most influential of contemporary philosophers Jacques Derrida explores the idea of friendship and its political consequences past and future through writings by Aristotle Nietzsche Cicero and more Until relatively recently Jacques Derrida was seen by many as nothing more than the high priest of Deconstruction by turns stimulating and fascinating yet always somewhat disengaged from the central political questions of our time Or so it seemed Derrida's political turn marked especially by the appearance of *Specters of Marx* has surprised some and delighted others In *The Politics of Friendship* Derrida renews and enriches this orientation through an examination of the political history of the idea of friendship pursued down the ages Derrida's thoughts are haunted throughout the book by the strange and provocative address attributed to Aristotle my friends there is no friend and its inversions by later philosophers such as Montaigne Kant Nietzsche Schmitt and Blanchot The exploration allows Derrida to recall and restage the ways in which all the oppositional couples of Western philosophy and political thought friendship and enmity private and public life have become madly and dangerously unstable At the same time he dissects genealogy itself the familiar and male centered notion of fraternity and the virile virtue whose authority has gone unquestioned in our culture of friendship and our models of democracy The future of the political for Derrida becomes the future of friends the invention of

a radically new friendship of a deeper and more inclusive democracy This remarkable book his most profoundly important for many years offers a challenging and inspiring vision of that future

Negotiations Jacques Derrida, Elizabeth Rottenberg, 2002 This collection of essays and interviews some previously unpublished and almost all of which appear in English for the first time encompasses the political and ethical thinking of Jacques Derrida over thirty years Passionate rigorous beautifully argued wide ranging the texts shed an entirely new light on his work and will be welcomed by scholars in many disciplines politics philosophy history cultural studies literature and a range of interdisciplinary programs Derrida's arguments vary in their responsiveness to given political questions sometimes they are vivid polemics on behalf of a position or figure sometimes they are reflective analyses of a philosophical problem They are united by the recurrent question of political decision or responsibility and the insistence that the apparent simplicity or programmatic character of political decision is in fact a profound avoidance of the political This volume testifies to the possibility and the necessity of a philosophical politics Negotiations assembles some of the most telling examples of the intrinsic relationship so often affirmed by Derrida in more abstract philosophical terms between deconstructive reading practices and what is called the political more precisely politics in an almost down to earth pragmatic and commonsense use of the word Among the many subjects covered in the book are the death penalty in the United States the civil war in Algeria globalization and cosmopolitanism the American Declaration of Independence Jean Paul Sartre the value of objectivity politics and friendship and the relationship between deconstruction and actuality

Politics of Deconstruction Susanne Lüdemann, 2014-08-13 The book offers a new introduction to Jacques Derrida and to Deconstruction as an important strand of Continental Philosophy From his early writings on phenomenology and linguistics to his later meditations on war terrorism and justice Jacques Derrida 1930-2004 achieved prominence on an international scale by addressing as many different audiences as he did topics Yet despite widespread acclamation his work has never been considered easy Rendering accessible debates that marked more than four decades of engagement and inquiry Susanne Lüdemann traces connections between the philosopher's own texts and those of his many interlocutors past and present Unlike conventional introductions Politics of Deconstruction offers a number of personal approaches to reading Derrida and invites readers to find their own Emphasizing the relationship between philosophy and politics it shows that with Deconstruction there is much more at stake than an academic discussion for Derrida's work deals with all the burning political and intellectual challenges of our time The author's own professional experience in both the United States and in Europe which particularly inform her chapter on Derrida's reception in the United States opens a unique perspective on a unique thinker one that rewards specialists and newcomers alike

Ethics and Politics after Poststructuralism Madeleine Fagan, 2013-09-16 What would political thought look like without the foundation of ethics Drawing on the work of Emmanuel Levinas Jacques Derrida and Jean Luc Nancy Madeleine Fagan puts forward a radical and far reaching refusal of foundational ethics Instead she proposes an account of the inseparability of

ethics and politics The ethical should not be understood as a label it does not mean good or right it is not an evaluation or guide Rather both the ethical and the political are descriptions of the context in which we find ourselves The book highlights the necessity of a practice based rethinking of the relationship between ethics and politics and so denaturalises a series of commonplaces about poststructuralist ethics

Derrida and Foucault Paul Rekret, 2017-09-20 Derrida and Foucault offers a major contribution to the interpretation of these two highly influential thinkers By tracing the moments where Derrida and Foucault's arguments converge but also where they deviate this book fundamentally recasts our understanding not only of these two philosophers but of the political more broadly Organised thematically around questions of epistemology ethics and politics this is the only work to bring Derrida and Foucault's whole oeuvres into dialogue with one another This book frames a dialogue not only between their works of the 1960s and 1970s but also their works that deal with political questions around liberalism capitalism and democracy This book offers the first substantial critical assessment of Derrida and Foucault's political work and also situates these crucial thinkers in contemporary debates in political theory

Beyond the Secular Andrea Cassatella, 2023-09-01 Through an in depth critical analysis of Jacques Derrida's later writings Beyond the Secular examines the contemporary nexus between religion and politics Reconnecting these writings to his early works Andrea Cassatella explores distinctive topics that are thematically linked by the theological political problematic and theoretically informed by Derrida's relational approach to language time religion and politics The result is a critical investigation into under examined assumptions of modern secular discourse that questions its binary logics and illuminates such discourse's exclusionary character by tracing its roots in racialized understandings about language epistemology politics and religion that travel worldwide through global processes of assimilatory translation By exposing the discriminatory hierarchies that the Western Christian sexualized and racialized presuppositions of secular discourse keep producing and maintaining Cassatella ultimately sheds light on the deep entanglements of secularism with the legacy of race and colonialism

Derrida, Deconstruction, and the Politics of Pedagogy Michael A. Peters, Gert Biesta, 2009 Introduction The promise of politics and pedagogy Michael A. Peters and Gert Biesta Deconstruction justice and the vocation of education Gert Biesta Derrida as a profound humanist Michael A. Peters Derrida Nietzsche and the return to the subject Michael A. Peters From critique to deconstruction Derrida as a critical philosopher Gert Biesta Education after deconstruction between event and invention Gert Biesta The university and the future of the humanities Michael A. Peters Welcome postscript on hospitality cosmopolitanism and the other Michael A. Peters

Political Physics John Protevi, 2001-08-01 Political Physics analyses the work of two of the most influential thinkers of our time Jacques Derrida and Gilles Deleuze The book takes the reader on a transversal journey crossing the boundaries of philosophy and science Political Physics explores the limits and strengths of Derridean and Deleuzian philosophical approaches Focussing on their differing approaches to the question of the body politic in all its registers from the physical chemical body to the economic the social and the political body the book reveals a profound

difference in ontological commitment The book argues that the straightforward materialism of Deleuzian philosophy can operate across the range of analysis whereas Derridean deconstruction effectively operates at the level of reason consciousness and culture Cross cutting a Derridean analysis of the history of philosophy with a Deleuzian approach to creative dialogue and complexity theory Political Physics illuminates the value of both approaches to the analysis of contemporary culture politics and science and to the rereading of the history of ideas

On Cosmopolitanism and Forgiveness Jacques Derrida, 2003-09-02 One of the world's most famous philosophers Jacques Derrida explores difficult questions in this important and engaging book Is it still possible to uphold international hospitality and justice in the face of increasing nationalism and civil strife in so many countries Drawing on examples of treatment of minority groups in Europe he skilfully and accessibly probes the thinking that underlies much of the practice and rhetoric that informs cosmopolitanism What have duties and rights to do with hospitality Should hospitality be grounded on a private or public ethic or even a religious one This fascinating book will be illuminating reading for all

Politics of Friendship Jacques Derrida, 1997 A rich exploration of the idea of friendship and its political consequences past and future by the most influential of contemporary philosophers Until relatively recently Jacques Derrida was seen by many as nothing more than the high priest of Deconstruction by turns stimulating and fascinating yet always somewhat disengaged from the central political questions of our time Or so it seemed Derrida's political turn marked especially by the appearance of Specters of Marx has surprised some and delighted others In The Politics of Friendship Derrida renews and enriches this orientation through an examination of the political history of the idea of friendship pursued down the ages Derrida's thoughts are haunted throughout the book by the strange and provocative address attributed to Aristotle my friends there is no friend and its inversions by later philosophers such as Montaigne Kant Nietzsche Schmitt and Blanchot The exploration allows Derrida to recall and restage the ways in which all the oppositional couples of Western philosophy and political thought friendship and enmity private and public life have become madly and dangerously unstable At the same time he dissects genealogy itself the familiar and male centered notion of fraternity and the virile virtue whose authority has gone unquestioned in our culture of friendship and our models of democracy The future of the political for Derrida becomes the future of friends the invention of a radically new friendship of a deeper and more inclusive democracy This remarkable book his most profoundly important for many years offers a challenging and inspiring vision of that future

Who's Afraid of Philosophy? Jacques Derrida, 2002 While addressing specific contemporary political issues on occasion thus providing insight into the pragmatic deployment of deconstructive analysis the essays deal mainly with much broader concerns With his typical rigor and spark Derrida investigates the genealogy of several central concepts which any debate about teaching and the university must confront

Rogues Jacques Derrida, 2005 Rogues published in France under the title Voyous comprises two major lectures that Derrida delivered in 2002 investigating the foundations of the sovereignty of the nation state The term tat voyou is the

French equivalent of rogue state and it is this outlaw designation of certain countries by the leading global powers that Derrida rigorously and exhaustively examines. Derrida examines the history of the concept of sovereignty engaging with the work of Bodin, Hobbes, Rousseau, Schmitt and others. Against this background he delineates his understanding of democracy to come which he distinguishes clearly from any kind of regulating ideal or teleological horizon. The idea that democracy will always remain in the future is not a temporal notion. Rather the phrase would name the coming of the unforeseeable other, the structure of an event beyond calculation and program. Derrida thus aligns this understanding of democracy with the logic he has worked out elsewhere. But it is not just political philosophy that is brought under deconstructive scrutiny here. Derrida provides unflinching and hard hitting assessments of current political realities and these essays are highly engaged with events of the post 9/11 world.

Derrida, Responsibility and Politics Morag Patrick, 2018-10-26. Published in 1997. Jacques Derrida's deconstructive method or deconstructionism is renowned as a species of anarchic free play, an antifoundationalism which can only end in a ruinous irrationalism and thereby the denial of all possibility of discrimination or judgement. In this book Morag Patrick argues that far from having abandoned critique, Derrida's questioning of Western metaphysics responds to an ethical injunction, a duty to recall the necessary incalculability of moral and political responsibility. In the first part of the study Patrick examines the philosophical background to and the basic features of deconstruction. Derrida is located in a tradition of thinkers for whom the question of the possibility of philosophy is fundamental. The deconstructive endeavour is then explained as an attempt to secure a question that would further and transform thinking, a question that would no longer be philosophy's question. Patrick maintains that Derrida's strategy to this end is not anarchic but rather adheres to strict protocols of reading. Subsequently the ethical and political implications of this manner of reading are pursued. It is shown that if Derrida undermines the certainty with which we may assume moral and political responsibilities, if he establishes the essential excessiveness of responsibility, he does so in order to effect judgement and not to annul it.

Badiou and Derrida Antonio Calcagno, 2007-06-01. This exciting new book makes a major contribution to Continental philosophy, bringing together for the first time the crucial work on politics by two giants of contemporary French philosophy, Jacques Derrida and Alain Badiou. Derrida has long been recognised as one of the most influential and indeed controversial thinkers in contemporary philosophy, and Badiou is fast emerging as a central figure in French thought as well as in Anglo-American philosophy. His magnum opus *Being and Event* and its long-awaited sequel *Logics of Worlds* have confirmed his position as one of the most significant thinkers working in philosophy today. Both philosophers have devoted a substantial amount of their oeuvre to politics and the question of the nature of the political. Here Antonio Calcagno shows how the political views of these two major thinkers diverge and converge, thus providing a comprehensive exposition of their respective political systems. Both Badiou and Derrida give the event a central role in structuring politics and political thinking, and Calcagno advances a theory about the relationship between political events and time that can account for both political undecidability and decidability.

This book navigates some very intriguing developments in Continental thought and offers a clear and fascinating account of the political theories of two major contemporary thinkers **Derrida-Levinas** Orietta Ombrosi, Raphael

Zagury-Orly, 2019-06-13T00:00:00+02:00 Drawing on the relationship between Derrida and Levinas and on the unresolved tension between their philosophical corpuses this book aims to offer new possible interpretations on the future of democracy What philosophical and political ideals can emerge from a parallel reading of these two acclaimed thinkers and from their philosophical alliance This volume attempts to re imagine and to re engage the realm of politics by offering new perspectives on the multiple crises that traverse the contemporary age Derrida after the End of Writing Clayton Crockett, 2017-11-07

What are we to make of Jacques Derrida's famous claim that every other is every other if the other could also be an object a stone or an elementary particle Derrida's philosophy is relevant not just for human ethical language and animality but to profound developments in the physical and natural sciences as well as ecology Derrida After the End of Writing argues for the importance of reading Derrida's later work from a new materialist perspective In conversation with Heidegger Lacan and Deleuze and critically engaging newer philosophies of speculative realism and object oriented ontology Crockett claims that Derrida was never a linguistic idealist Furthermore something changes in his later philosophy something that cannot be simply described as a turn In Catherine Malabou's terms there is a shift from a motor scheme of writing to a motor scheme of plasticity Crockett explores some of the implications of interpreting Derrida through the new materialist lens of technicity or plasticity attending to the significance of ethics religion and politics in his later work By reading Derrida from a new materialist perspective Crockett provides fresh readings of his ideas of sovereignty religion responsibility and mourning These new readings produce fruitful engagements with the thinkers who have followed Derrida including Malabou Timothy Morton John D Caputo and Karen Barad Here is a new reading of Derrida that moves beyond conventional understandings of poststructuralism and deconstruction a reading that is responsive to and critical of some of the crucial developments shaping the humanities today **The Singular Politics of Derrida and Baudrillard** Mihail Evans, 2014-12-14 Recent years have seen the rise of anti politics as a political phenomenon Beyond this new rejection of the political class there has long existed a deeper challenge to the political itself Identifying the work of Derrida as a politics and that of Baudrillard as transpolitics this book charts convergences and divergences in their approaches

Thank you extremely much for downloading **Derrida And The Political**. Maybe you have knowledge that, people have look numerous time for their favorite books later this Derrida And The Political, but stop happening in harmful downloads.

Rather than enjoying a good PDF considering a mug of coffee in the afternoon, instead they juggled once some harmful virus inside their computer. **Derrida And The Political** is clear in our digital library an online access to it is set as public consequently you can download it instantly. Derrida And The Political Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Derrida And The Political PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing

financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Derrida And The Political PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Derrida And The Political free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Derrida And The Political Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Derrida And The Political is one of the best book in our library for free trial. We provide copy of Derrida And The Political in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Derrida And The Political. Where to download Derrida And The Political online for free? Are you looking for Derrida And The Political PDF? This is definitely going to save you time and cash in something you should think about.
