Ikechukwu Kelvin Maduemezia, 2025-08-26 A toolkit of creative low budget marketing strategies that make a big impact. Entrepreneurs and small businesses learn how to grow visibility without draining funds. Social Capital in the Age of Online Networking: Genesis, Manifestations, and Implications Hoda, Najmul, Naim, Arshi, 2023-08-07 Social networking sites have transformed traditional networking into a new form, prompting researchers to consider whether social capital accrues through online networking. This edited book, titled *Social Capital in the Age of Online Networking: Genesis, Manifestations, and Implications*, provides current and prospective theoretical and applied understandings of this newer source of investments. Edited by Dr. Najmul Hoda, an Assistant Professor in the Department of Business Administration at the College of Business, Umm Al Qura University, this book is an ideal resource for scholars and practitioners interested in exploring the benefits of online social capital. The book is targeted towards academic scholars and is an excellent supplementary reading material for higher education institutions. It covers a range of topics such as social capital theory, online networking, empirical findings of online social capital, formation scales to measure online social capital, and online social capital and sustainable development. The book also explores the impact of technological innovations on online social capital and the applications of online social capital in business, society, and the economy. The book's objective is to provide a comprehensive understanding of the current and prospective state of theory and applications of this phenomenon, and it will benefit researchers, government, and private research institutions, business corporations, and students in various fields such as business, economics, information technology, psychology, medicine, and humanities. *Innovation Happens Elsewhere* Ron

Goldman, Richard P. Gabriel, 2005-04-25 It is a plain fact regardless of how smart creative and innovative your organization is there are more smart creative and innovative people outside your organization than inside Open source offers the possibility of bringing more innovation into your business by building a creative community that reaches beyond the barriers of the business The key is developing a web driven community where new types of collaboration and creativity can flourish Since 1998 Ron Goldman and Richard Gabriel have been helping groups at Sun Microsystems understand open source and advising them on how to build successful communities around open source projects In this book the authors present lessons learned from their own experiences with open source as well as those from other well known projects such as Linux Apache and Mozilla Winner of 2006 Jolt Productivity Award for General Books Describes how open source development works and offers persuasive reasons for using it to help achieve business goals Shows how to use open source in day to day work discusses the various licenses in use and describes what makes for a successful project Written in an engaging style for executives managers and engineers that addresses the human and business issues involved in open source development as well as its history philosophy and future
