Unleashing the Power of Basic Science in Business Trivedi, Sonal, Grover, Veena, Balusamy, Balamurugan, Ganguly, Abhijit, 2024-07-26 Today's fast evolving business landscape has created a significant challenge: the gap between basic scientific research and commercial innovation. Groundbreaking discoveries in laboratories need to translate into sustainable business solutions. The interplay between foundational scientific principles and their application in the commercial sphere is complex, making it difficult to bridge the gap. To tackle this problem, the book *Unleashing the Power of Basic Science in Business* offers a comprehensive exploration of how basic science can drive sustainable innovation in business. By bridging the gap between theory and application, this book provides a roadmap for researchers, academicians, and professionals in basic science, engineering, and management to understand and implement basic science sustainability and innovation in business. Through a diverse collection of chapters, readers gain insights into collaborative forces in innovation, ethical dimensions of basic science in commercial contexts, and the operationalization of commercial innovation. *Unleashing the Power of Basic Science in Business* guides navigating the sustainable commercialization expedition and cultivating environments for sustainable commercial success.

Information Systems Research in Vietnam, Volume 3 Nguyen Hoang Thuan, Dang-Pham Duy, Hoanh-Su Le, Tuan Q. Phan, 2025-01-25 This book, the third volume of *Information Systems Research in Vietnam*, presents a special theme that focuses on two emerging and critical topics of the twenty-first century: Digital Transformation and Sustainable Development. Digital transformation, which consists of digitization of products and digitalization of work processes, has brought forth exciting new business models that disrupt traditional industries. Digital transformation has been embedded in the 2030 National Digital Transformation Programme of the Vietnamese government, leading to numerous digital businesses that offer significant value in various sectors, including retail, manufacturing, education, and health care. Partly due to the United Nations

UN 17 Sustainable Development Goals SDGs specifying the key development areas and outlining collective actions to ensure continuing peace and prosperity for people and the planet organizations in Vietnam are becoming increasingly aware of the importance of sustainable development and the adoption of sustainability governance frameworks such as ESG to gain strategic advantages in the turbulent markets Information systems IS in particular has profound impacts on achieving Sustainable Development However best practices and case studies about Digital Transformation and how this transformation and IS applications influence Sustainable Development in Vietnam have not been documented and studied in spite of the rapid developments in these areas in both public and private sectors This book therefore contributes to the existing body of knowledge and benefits a wide range of readers in several ways Firstly the book benefits scholars and students both in Vietnam and globally by advancing knowledge and presenting research on the latest trends in contemporary topics such as Digital Transformation and Sustainable Development especially in the under researched Vietnam context Secondly industry practitioners and experts both in Vietnam and globally will benefit from reading this book to keep up with the current trends case studies and applications Thirdly by presenting the most up to date knowledge on the topic this book creates a shared understanding to help facilitate future research in the IS field as well as providing the background to pave the way for collaboration between scholars experts and industry practitioners
