Whether you're a beginner or an experienced editor, this book will empower you to create professional quality content without the hassle of traditional editing software. Ready to revolutionize the way you edit? GET YOUR COPY TODAY. Writing and Editing for Digital Media Brian Carroll, 2025-12-12 An essential guide to writing and editing for digital media, this sixth edition responds to the mainstreaming of genAI. Generative AI and LLMs (Large Language Models) among many other changes in the best practices of digital storytelling. Carroll explains and demonstrates how to effectively write for digital spaces and places that typically abound with graphical content, multimedia, and hypertextual interactive elements. He also combines hands on practical exercises with information on key topics such as misinformation and disinformation and the proliferation of artificial intelligence. This new edition specifically explores the ethical questions raised by AI as well as the new possibilities it presents. Each chapter features lessons and exercises through which students can build a solid understanding of the ways that digital communication provides opportunities for dynamic storytelling and multi directional communication. It also speaks to writers, editors, public relations practitioners, and social media managers and marketers. Updated with contemporary examples and new pedagogy throughout, this is the ideal handbook for students seeking careers in digital media, particularly in content development and digital storytelling. It is an essential text for students of media communication, public relations, marketing, and journalism who

are looking to develop their writing and editing skills for these ever evolving fields and professions This book also has accompanying Support Material that offers additional weekly activities and assignments providing students additional opportunity to put theory into practice [PC Mag](#) ,2008-03 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology
