Adams,2022-03-08 Almon Campbell encounters a cat The feline accuses his mother of a heinous crime Justice must be served And the cat demands only one payment Almon s soul Almon s first mystery plummets him down the rabbit hole A world where demons lurk But something beautiful also awaits Should he risk it all Cozy mysteries in a paranormal world A Pact with Demons investigates uncanny tales with heart and danger In a world where cats talk And darkness lurks everywhere Why do lost hearts sell their souls to demons      Folklore Joseph Jacobs,Alfred Trübner Nutt,Arthur Robinson Wright,William Crooke,1911 Most vols for 1890 contain list of members of the Folk lore Society      *Dictionary of Demons* Fred Gettings,1988      **□□□: Supplement and indices** □□□,1927      *Invoking the Akelarre* Emma Wilby,2019-08-02 With their dramatic descriptions of black masses and cannibalistic feasts the records generated by the Basque witch craze of 160914 provide us with arguably the most demonologically stereotypical accounts of the witches sabbath or akelarre to have emerged from early modern Europe While the trials have attracted scholarly attention the most substantial monograph on the subject was written nearly forty years ago and most works have focused on the ways in which interrogators shaped the pattern of prosecutions and the testimonies of defendants Invoking the Akelarre diverts from this norm by employing more recent historiographical paradigms to analyze the contributions of the accused Through interdisciplinary analyses of both French and Spanish Basque records it argues that suspects were not passive recipients of elite demonological stereotypes but animated these received templates with their own belief and experience from the dark exoticism of magical conjuration liturgical cursing and theatrical misrule to the sharp pragmatism of domestic medical practice and everyday religious observance In highlighting the range of raw materials available to the suspects the book helps us to understand how the fiction of the witches sabbath emerged to such prominence in contemporary mentalities whilst also restoring some agency to the defendants and nuancing the historical thesis that stereotypical content points to interrogatorial opinion and folkloric content to the voices of the accused In its local context this study provides an intimate portrait of peasant communities as they flourished in the Basque region in this period and leaves us with the irony that Europes most sensationally demonological accounts of the witches sabbath may have evolved out of a particularly ardent commitment on the part of ordinary Basques to the social and devotional structures of popular Catholicism      History of the Mongols: Supplement and indices Sir Henry Hoyle Howorth,1927      History of the Mongols, from the 9th to the 19th Century Sir Henry Hoyle Howorth,1927      **History of the Mongols, from the 9th to the 19th Century: Supplement and indices** Sir Henry Hoyle Howorth,1927      **Demonic Possession and Lived Religion in Later Medieval Europe** Sari

Katajala-Peltomaa,2020-02-19 Demonic possession was a spiritual state that often had physical symptoms however in Demonic Possession and Lived Religion in Later Medieval Europe Sari Katajala Peltomaa argues that demonic possession was a social phenomenon which should be understood with regard to the community and culture She focuses on significant case studies from canonization processes c 1240 1450 which show how each set of sources formed its own specific context in which demonic presence derived from different motivations reasonings and methods of categorization The chosen perspective is that of lived religion which is both a thematic approach and a methodology a focus on rituals symbols and gestures as well as sensitivity to nuances and careful contextualizing of the cases are constitutive elements of the argumentation The analysis contests the hierarchy between the learned and the popular within religion as well as the existence of a strict polarity between individual and collective religious participation Demonic presence disclosed negotiations over authority and agency it shows how the personal affected the communal and vice versa and how they were eventually transformed into discourses and institutions of the Church that is definitions of the miraculous and the diabolical Geographically the volume covers Western Europe comparing Northern and Southern material and customs The structure follows the logic of the phenomenon beginning with the background reasons offered as a cause of demonic possession continuing with communities responses and emotions including construction of sacred caregiving methods Finally the ways in which demonic presence contributed to wider societal debates in the fields of politics and spirituality are discussed Alterity and inversion of identity gender and various forms of corporeality and the interplay between the sacred and diabolical are themes that run all through the volume
