Demons, Demons, Demons John P. Newport, 1972 *A Field Guide to Demons, Fairies, Fallen Angels, and Other Subversive Spirits* Carol K. Mack, Dinah Mack, 1998 The Macks divert our gaze from our contemporary red faced cloven hoofed misrepresentation of demons to remind us of the ancient roles demons were originally assigned to play From the Tommyknockers of North American mountain mines to the South African Mbulu that waits in the river for lone travelers A Field Guide to Demons classifies these creatures by their domains water mountain forest rather than in alphabetical or cultural order dishing out antique and contemporary lore on these most misunderstood of spirits A Field Guide to Demons melds folklore and mythology maintains a surprisingly evenhanded view of demons and reveals their role as the necessary challenger to established order the antagonist without which there could be no hero and the darkness through which goodness shines brightest Brian Patterson [Encyclopedia of Demons in World Religions and Cultures](#) Theresa Bane, 2014-01-10 This exhaustive volume catalogs nearly three thousand demons in the mythologies and lore of virtually every ancient society and most religions From Aamon the demon of life and reproduction with the head of a serpent and the body of a wolf in Christian demonology to Zu the half man half bird personification of the southern wind and thunder clouds in Sumero Akkadian mythology entries offer descriptions of each demon s origins appearance and cultural significance Also included are descriptions of the demonic and diabolical members making up the hierarchy of Hell and the numerous species of demons that according to various folklores mythologies and religions populate the earth and plague mankind Very thoroughly indexed **How about Demons?** Felicitas D. Goodman, 1988 Quite an interesting book Religious Studies Review It is by far superior to anything else on demons we have seen in the past few years The American Rationalist Goodman is to be commended for a stimulating and wide reaching treatment of a compelling and much debated subject Journal of Folklore Research Rich in detail derived from the author s fieldwork and the anthropological literature this work paints a picture of possession as one of the usually positive and most widespread of human religious experiences It also details the ritual of exorcism which is applied when things go wrong *The Encyclopedia of Demons and Demonology* Rosemary Guiley, 2009 Explores this dark aspect of folklore and religion and the role that demons play in the modern world Includes numerous entries documenting beliefs about demons and demonology from ancient history to the present [Demons And How To Deal With Them](#) Dag Heward-Mills, 2007-05 Demon activity is unmasked in this classic new book by Dag Heward Mills Using the testimony of the mad man of Gadara he shows the way to victory over demons and evil spirits **50 Things You Need to Know About Satan and Demons** , 2014-10-28 Answers to the Most Asked Questions About Satan and Demons A lot has been said about Satan and demons in music and movies on the Internet and TV but it can be difficult to figure out what s true and what s folklore Professor Mark Muska uses the Bible to answer the most asked questions about Satan and demons including Who is Satan Does Satan really have horns hoofs and a tail Can Satan read our thoughts What is demon possession
