Demystifying Drugs A Psychosocial Perspective:

Demystifying Drugs Ted Goldberg, 2016-07-27 Based on extensive participant observation research a life history model is presented to explain why very few of those who come into contact with narcotics become problematic consumers that is make drugs one of the most central elements in their lives The model covers four stages in the deviant career two preceding and two subsequent to the individual s narcotics debut Prohibition and harm reduction as models for intervention are presented and the implications for drug policy of the life history model are discussed **The Praeger International Collection on Addictions** Angela Brownemiller Ph.D., 2009-04-30 Only the very rare among us are completely unscathed by the effects of addiction our own that of a family member friend or coworker Even the addictions of strangers from the drunk driver or drug addict to gambling food spending or violence addicted people may subject us to dangers threaten our well being and drain money from our pockets Recent national estimates in just the US show that substance abuse and addiction alone cost taxpayers a total of nearly 500 billion a year In these volumes experts from around the world present the newest issues research and insights into addictions of all kinds Led by Angela Browne Miller Director of the Metaxis Compulsive and Habitual Behaviors Institute in California this team of contributors includes scholars and practitioners from the United States Canada the United Kingdom Sweden Thailand Africa and Russia Topics range from drug addiction among male female teen and aging populations and among White Hispanic Black Asian Native American and other groups using liquor cocaine methamphetamine khat and or other lesser known drugs to behavioral addictions including online gaming excessive buying and eating disorders Chapters also address issues including addiction as a public health problem and the politics of drug treatment policies Treatment methods for addictions from electrotherapy to holistic approaches are addressed as are spiritual psychological and cross cultural issues involved The experts behind these chapters include those from the University of California Berkeley Johns Hopkins School of Medicine and Purdue University to McGill University Nottingham Trent University and the All India Institute of Medical Sciences **The Role of Community-Mindedness in the Self-Regulation of Drug Cultures** Anke Stallwitz, 2012-04-26 This book analyzes heroin users and the drug subculture on the Shetland Islands an area known for its geographical remoteness rural character and relative wealth It fills the scientific gap created by the conventional research in heroin research which is usually conducted in urban areas and relies on treatment and prison populations Based on qualitative in depth interviews with twenty four heroin users this book depicts and analyzes the nature and historical development of the local heroin scene It illustrates the features and internal structures of the subculture and it examines the manner in which both are influenced by the location specific geographical cultural and socio economic conditions It thus reveals complex causal associations that are hard to recognize in urban environments Complete with a list of references used and recommendations for future research this book is a vital tool for progressive and pragmatic approaches to policy intervention and research in the field of illicit drug use Hooked on Heroin Philip

Lalander,2020-05-18 Alarming heroin is growing in popularity amongst young people This is despite the fact that it is more than any other drug associated with failure death misery and poverty This book explores why people are tempted by heroin and how globalization has played a key role in increasing the number of abusers Rather than offer lofty and abstract theories on addiction the author grounds his study firmly in the day to day lives of heroin users themselves Norrköping in Sweden is a mid sized former industrial city like countless others throughout the world It has suffered high unemployment as a result of its rapid decline as a hub of commerce Once well known for housing the giant telecommunications company Ericsson it sadly gains more notoriety today through its associations with heroin which continues to be the drug of choice for Norrköping's young people Through privileged access to users themselves Lalander is able to show us the real motivations and lifestyle choices behind addiction Personal testimonies candidly expose the underground activities of a thriving subculture and spark vexing questions as to why these young people choose to flirt with fatality What media representations influence heroin users Is this phenomenon the inevitable by product of modern life What are the root causes at play Lalander's in depth investigation overturns many of the stereotypes associated with heroin use Accessible and gripping *Hooked on Heroin* brings a disturbing reality closer to home and shows how global and local practices are intimately linked Culture and Economic Action Laura E. Grube,irgil Henry Storr,2015-06-29 This edited volume a collection of both theoretical essays and empirical studies presents an Austrian economics perspective on the role of culture in economic action The authors illustrate that culture cannot be separated from economic action but t **No Price Too High** Robert M. Hardaway,2003-10-30 Hardaway argues the criminalization of victimless crimes violates the Ninth Amendment to the U S Constitution and creates enormous public policy problems in the society He contends that the Ninth Amendment adjudication model and the concepts of self determination and the harm principle are the standards to which privacy issues should be litigated Hardaway contends that privacy issues should be litigated under the standards of the Ninth Amendment to the U S Constitution adjudication model concepts of self determination and the harm principle The Ninth Amendment follows the true beliefs of the founding fathers and their adherence to Natural Law autonomy liberty and the right to privacy This model needs to replace the substantive due process analysis in the realm of personal autonomy issues used by the courts The recognition of self determination and the harm principle will provide individuals with the constitutional protection of rights the founding fathers thought to be imperative to an ordered liberty By seeking to explain American policy on victimless crimes of which drug use is one Hardaway seeks to stir a vigorous constitutional debate As he shows prostitution and gambling raise similar issues and he questions whether criminalization serves the interests of society In examining drug use prostitution and gambling Hardaway compares the policy rationales for each of these societal problems with a view towards creating a general theory of decriminalization An important analysis for scholars students researchers and public policy makers involved with constitutional law and contemporary criminal law concerns Mental Health and Otherness Ilana Mountian,2024-12-23

Based on two decades of research in Brazil and the UK this book explores the ways in which intersections of gender race and class affect the positioning of the subject as Other in discourses of health and how the positioning of the subject as Other has implications for health research and mental health practice Drawing on feminist post colonial and decolonial studies psychoanalysis and discourse analysis Mental Health and Otherness examines the experiences of immigrants drug users and transsexual people in health and mental health settings and the ways in which stereotypical understandings can affect the subject This book is a study of the discursive construction of ideas about health and mental health in the West and the awareness of processes of othering in clinical practice It will appeal to scholars in psychology sociology and cultural studies with an interest in mental health health care and intersectionality **The Praeger International Collection on**

Addictions Angela Browne Miller,2009 **Drugs and Empires** J. Mills,P. Barton,2007-10-17 Drugs and Empires introduces new research from a range of historians that re evaluates the relationship between intoxicants and empires in the modern world It re examines controversies about such issues as the Asian opium trade or the sale of alcohol in Africa It addresses new areas of research including the impact of imperial drugs profits on American history or the place of African states in the development of international regulations The outcome is to provoke new perspectives on both drugs and empires

Research in Education ,2006 Crime and Money Laundering Jyoti Trehan,2004 Written by an experienced and serving police officer the book is based on two years of academic and field research as a Jawaharlal Nehru Memorial Fellow Trehan starts from the premise that the nature of crime today is transnational and has become more so with the unprecedented development of information technology The book examines various criminal activities that are used to make huge sums of money and then goes on to examine the methods of money laundering which are used to destroy or hide its illegal sources The author also analyses how illegally earned money is used after laundering for legitimate businesses and how money laundering affects national security and even the process of economic liberalization The book includes a discussion of legislative and other responses aimed at countering the dangers of crime and money laundering American Book Publishing Record ,2005 **Utopian Visions** ,2000 *Choice* ,1999 **Demystifying Oncology Research** ,1994
