The British Labour Government and the 1976 IMF Crisis M. Harmon, 1997-11-05 The British Labour Government and the 1976 IMF Crisis examines the external pressures vis vis British economic policy that culminated in the 1976 UK IMF crisis The postwar development of IMF loan conditionality is reviewed as well as the growing incompatibility after 1974 between the Government s domestic political imperatives and Britain s external economic constraints that led to the crisis More generally the case study demonstrates the coercive and constraining nature of international cooperation in contemporary international relations The Battle for the Labour Party David Kogan, Maurice Kogan, 2018-08-16 The Battle for the Labour Party was first published in 1981 and was referenced by Tony Benn in his 1980 1990 diaries as a valuable guide to the developments within the Labour party at this time This 1982 updated edition is an essential resource for all who are interested in understanding the history of the Labour Party from 1973 1982 The continuing power struggle within the Labour Party had raged for decades and had drastic effects on its popularity and credibility At the 1982 party conference the division between the Left and Right sharpened Tony Benn s attempts to get into the shadow cabinet the defection of members to the SDP the Militant inquiry and the Tatchell affair all added to this general disenchantment This 1982 edition accurately describes how these events developed There are two additional chapters which deal with the activities of New Left groups in London boroughs and with the fightback of the Right between the two party conferences Interviews with major figures including Shirley Williams and Roy Grantham shed light on the events of the time There is also more detailed insight into the GLC and events within London For everyone interested or involved in the history of British politics The Battle for the Labour Party provides an insightful and thought provoking account of a fascinating piece of history **The Labour Party and European Integration** Matthew Broad, William King, 2025-10-21 This edited volume uses a biographical approach to study the multiplicity of views prevalent within the Labour Party on the topic of Britain s approach to European integration Eschewing a binary categorisation of Labour as being split between pro and anti camps the book instead captures the complexity and diversity of ideas on Europe **The Time of My Life** Denis Healey, 1989 Erindringer af den britiske labourpolitiker og tidligere finansminister **My Secret Planet** Denis Healey, 2012-07-16 In this autobiography Denis Healey reveals the breadth of his interests and his knowledge of the arts In this book he takes time to look at the literary influences that have shaped his life his comments are interlaced with quotations from poetry fiction philosophy and history providing a guide to help readers rediscover books he or she may once have read following onto new authors Fightback! Dianne Hayter, 2024-07-30 This book tells the story of how the moderate right in the Labour Party trumped by the left for a decade and weakened by defections to the SDP in 1981 fought back organisationally to regain control of the party by 1985 producing an NEC supportive of Neil Kinnock and ready to expel Militant introduce One Member One Vote and return the party to electability It describes the Manifesto Group of Labour MPs Labour Solidarity Forward Labour and the all important

but secret St Ermins Group of senior trade unionists each of which strove to ensure that the party represented Labour voters and trade union members Written by an insider it draws on extensive interviews with all the key players and unique access to private papers and closed archives to explain how the moderates triumphed over the hard left *Denis Healey* Edward Pearce, 2002 As Chancellor in 1974 1979 Denis Healey met Britain's second greatest financial crisis of the century faced a crashing currency and a visitation of the IMF and brought the country through with a strengthened currency Inside the Labour Party he fought Tony Benn nominally for the deputy leadership actually for the party's survival as a national force In this biography Edward Pearce argues that Healey a man of intellect and great culture retains the qualities of the soldier he once was loyalty bravery and the ability to face crisis with courage stamina and humor **The Johnson Years: LBJ at home and abroad** Robert A. Divine, 1987 **Reports of Cases Argued and Determined in the Supreme Judicial Court of the Commonwealth of Massachusetts** Massachusetts. Supreme Judicial Court, 1925 *History of the Boilermakers' Society* James Edward Mortimer, 1994 This is the final volume of the history of one of Britain's oldest trade unions Formed in 1834 among craftsmen employed in the manufacture of boilers for steam power in the early textile industry no union suffered more than the Boilermakers Society from the succession of booms and slumps in the industries in which its members were employed The boilermakers took a prominent part in almost every controversy within the Labour movement and their leaders became known to a very much wider public The amalgamated union became part of the modern GMB which gave impetus to the eventual development of one of Britain's principal unions When Shrimps Learn to Whistle Denis Healey, 2012-09-28 The Soviet Union would abandon its communist principles Khrushchev once boasted only when shrimps learnt to whistle Now that Gorbachev has taught his shrimps to whistle can Western politicians cope with the challenges of a wholly uncharted new world All the major institutions of the post war scene NATO the European Community the United Nations have been turned upside down The stock market crash of Black October 1987 revealed the desperate instabilities of the global financial system In this maze of intricate new problems and opportunities Denis Healey speaks with unique authority A major political journalist in the late 1940s and 1950s a leading player on the world stage for a quarter century he is now far and away the most distinguished Opposition commentator on foreign affairs His hugely successful *The Time of My Life* the best political autobiography since Rab Butler's eighteen years ago Roy Jenkins Observer was widely acclaimed as a masterpiece Taking up the most powerful political themes that emerge from it Denis Healey now gives us this stimulating companion volume In an added new chapter he looks at the wider implications of the Gulf War the unification of East and West Germany and the continuing unrest in Eastern Europe In *When Shrimps Learn to Whistle* he offers a typically trenchant set of signposts to help us all face the key international issues of the 1990s Forty three years of ruminations by the greatest foreign secretary as the author quietly and reasonably implies we never had Ben Pimlott in the New Statesman Society **The City Record**, 1882 Hutchinson's Washington and Georgetown Directory, 1904 **Report of the ... Annual Conference of the Labour**

Party Labour Party (Great Britain). Conference,1981 Provincial and State Papers New Hampshire (Colony) Probate Court,1874 **THE WILTSHIRE Archeological and Natural History MAGAZINE** under the direction of the Society,1878 **Proceedings of the Board of Aldermen** New York (N.Y.).
