George Gissing Pierre Coustillas,Collin Partridge,2013-06-17 The Critical Heritage gathers together a large body of critical sources on major figures in literature Each volume presents contemporary responses to a writer s work enabling students and researchers to read for themselves for example comments on early performances of Shakespeare s plays or reactions to the first publication of Jane Austen s novels The carefully selected sources range from landmark essays in the history of criticism to journalism and contemporary opinion and little published documentary material such as letters and diaries Significant pieces of criticism from later periods are also included in order to demonstrate the fluctuations in an author s reputation Each volume contains an introduction to the writer s published works a selected bibliography and an index of works authors and subjects The Collected Critical Heritage set will be available as a set of 68 volumes and the series will also be available in mini sets selected by period in slipcase boxes and as individual volumes

Denzil Quarrier (1892), by George Gissing (novel) George Gissing,2016-04-09 George Gissing was an English novelist who wrote twenty three novels between 1880 and 1903 Although his early works are naturalistic he developed into one of the the most accomplished realists of the late Victorian era Born in Wakefield Yorkshire to lower middle class parents Gissing went on to win a scholarship to Owens College the present day University of Manchester A brilliant student he excelled at university winning many coveted prizes including the Shakespeare prize in 1875 Between 1891 and 1897 his so called middle period he produced his best works which include New Grub Street Born in Exile The Odd Women In the Year of Jubilee and The Whirlpool The middle years of the decade saw his reputation reach new heights by some critics he is counted alongside George Meredith and Thomas Hardy as one of the best three novelists of his day He also enjoyed new friendships with fellow writers such as Henry James and H G Wells and came into contact with many other up and coming writers such as Joseph Conrad and Stephen Crane

The Fiction of George Gissing Lewis D. Moore,2014-01-10 Most of George Gissing s 23 novels have a certain air of autobiography despite Gissing s frequent arguments that his fictional plots bear little resemblance to his own life and experiences Starting with Workers in the Dawn 1880 almost all of Gissing s fictional works are set in his own time period of late Victorian England and five of his first six novels focus on the working class poor that Gissing would have encountered frequently during his early writing career While most recent criticism focuses on Gissing s works as biographical narratives this work approaches Gissing s novels as purely imaginative works of art giving him the

benefit of the doubt regardless of how well his books seem to match up with the events of his own life By analyzing important themes in his novels and recognizing the power of the artist's imagination especially through the critical works of Coleridge Wordsworth Shelley and Keats the author reveals how Gissing's novels present a lived feel of the world Gissing knew firsthand The author asserts that at most Gissing used his personal experiences as a starting point to transform his own life and thoughts into stories that explain the social personal and cultural significance of such experiences

George Gissing and the Place of Realism Rebecca Hutcheon, 2021-06-22 This collection explores Gissing's place in the narrative of fin de siècle literature Together chapters here theorise how late Victorian spatial and generic norms are confronted explored and performed in Gissing's works In addition to presenting new readings of the major novels and introducing readers to lesser known works the collection advocates Gissing's importance as a journalist short story and travel writer It also recognises Gissing as a central proponent in the late Victorian realism debate The book like today's nineteenth century studies is interdisciplinary It includes familiar interpretive approaches biographical historicist and comparative together with fresh perspectives informed by ecocriticism materiality and cultural performance In addition it is markedly comparative in scope Gissing is read alongside familiar authors like Dickens Ruskin and Hardy but also and more unusually Nietzsche Besant Freud and Foucault Collectively these chapters illustrate that Gissing though attentive to contemporary issues is neither uncomplicatedly realist nor are his writings uncomplicated historical records of place

The Heroic Life of George Gissing, Part II Pierre Coustillas, 2015-09-30 This ambitious three volume biography on Gissing examines both his life and writing both chronologically and in close detail Part II assesses the period of Gissing's greatest authorial triumphs His most critically acclaimed works *The Nether World* 1889 *New Grub Street* 1891 and *The Odd Women* 1893 date from this time
