Der Kampf Mit Dem Damon:

Nietzsche and Jewish Culture Jacob Golomb, 2002-01-04 Friedrich Nietzsche occupies a contradictory position in the history of ideas he came up with the concept of a master race yet an eminent Jewish scholar like Martin Buber translated his Also sprach Zarathustra into Polish and remained in a lifelong intellectual dialogue with Nietzsche Sigmund Freud admired his intellectual courage and was not at all reluctant to admit that Nietzsche had anticipated many of his basic ideas This unique collection of essays explores the reciprocal relationship between Nietzsche and Jewish culture It is organized in two parts the first examines Nietzsche's attitudes towards Jews and Judaism the second Nietzsche's influence on Jewish intellectuals as diverse and as famous as Franz Kafka Martin Buber Franz Rosenzweig and Sigmund Freud Each carefully selected essay explores one aspect of Nietzsche's relation to Judaism and German intellectual history from Heinrich Heine to Nazism

The World of Yesterday's Humanist Today Stefan Zweig Symposium (1981: Fredonia, N.Y.), 1983-01-01 France 1837 was the third volume published in Cooper's Gleanings in Europe series but first in the chronology of his European experience Less sequential than his other travel narratives France distills his impressions of French and European culture during his first two years abroad Exhibiting many qualities of the familiar essay it considers a wide range of topics of interest to Cooper his friends and potential readers in the United States As a celebrity thoroughly at home in the brilliant society of Bourbon Paris Cooper was able to provide fascinating glimpses of personalities spectacles institutions and manners from his distinctly American perspective Indeed as Professor Philbrick remarks No other of Cooper's works perhaps brings us closer to his speaking voice or puts us more directly in contact with the man himself with all his idiosyncratic preoccupations his quick resentments his restless curiosity his surprising humor and his nobility of principle The reader of this edition is brought even closer to Cooper in the draft of a hitherto unpublished letter probably intended for this book which illustrates Cooper's grasp of the still finer points of French customs and attitudes

The World of Yesterday's Humanist Today Marion Sonnenfeld, 1984-06-30 Fifty years ago Stefan Zweig who committed suicide in 1942 was the most widely read and translated living writer in the world Zweig's Vienna was a world of bright brittle superficialities in which the bourgeoisie gradually elevated the eternal business of seeing and being seen to the purpose of the existence To break through the facades of this society Zweig developed a remarkable literary and psychological method In *The World of Yesterday's Humanist Today* thirty scholars of history literature and music share their studies of Zweig and their insight into his works

Friedrich Hebel, as Thinker Maurice Mandelbaum, 1929 **Against Nihilism** Stepenberg Maia Stepenberg, 2019-10-15 Described by Thomas Mann as the brothers in spirit but tragically grotesque companions in misfortune the Nietzsche and Dostoevsky remain towering figures in the intellectual development of European modernity Maia Johnson Stepenberg's accessible new introduction to these philosophers compares their writings on key topics such as criminality Christianity and the figure of the outsider to reveal the urgency and contemporary resonance of their shared struggle against nihilism *Against Nihilism* also considers nihilism in the context of current political and social struggles placing Nietzsche and Dostoevsky's contributions at the heart of important contemporary debates regarding community identity and meaning Inspired by class discussions with her students and aimed at first-time readers of Nietzsche and Dostoevsky *Against Nihilism* provides an accessible unique comparative study of these two key thinkers *Schillers Sämtliche Schriften.
