Der Kampf Um Den Leser Im Dritten Reich:

Der Kampf um den Leser im Dritten Reich Gisela Berglund, 1980 *Traduction* Harald Kittel, Juliane House, Brigitte Schultze, 2004 This series of HANDBOOKS OF LINGUISTICS AND COMMUNICATION SCIENCE is designed to illuminate a field which not only includes general linguistics and the study of linguistics as applied to specific languages but also covers those more recent areas which have developed from the increasing body of research into the manifold forms of communicative action and interaction For classic linguistics there appears to be a need for a review of the state of the art which will provide a reference base for the rapid advances in research undertaken from a variety of theoretical standpoints while in the more recent branches of communication science the handbooks will give researchers both an overview and orientation *The Politics of Literature in Nazi Germany* Jan-Pieter Barbian, 2013-08-29 This is the most comprehensive account to date of literary politics in Nazi Germany and of the institutions organizations and people who controlled German literature during the Third Reich Barbian details a media dictatorship involving the persecution and control of writers publishers and libraries but also voluntary assimilation and pre emptive self censorship that began almost immediately under the National Socialists leading to authors forced declarations of loyalty literary propaganda censorship and book burnings Special attention is given to Nazi regulation of the publishing industry and command over all forms of publication and dissemination from the most prestigious publishing houses to the smallest municipal and school libraries Barbian also shows that although the Nazis censored books not in line with Party aims many publishers and writers took advantage of loopholes in their system of control Supporting his work with exhaustive research of original sources Barbian describes a society in which everybody who was not openly opposed to it participated in the system whether as a writer an editor or even as an ordinary visitor to a library Bulgaria and Europe Stefanos Katsikas, 2011-10-01 Bulgaria and Europe Shifting Identities offers a unique analysis of Bulgaria s relationship with the European continent Katsikas examines how Bulgarian historiography and literature over the centuries have created differing conceptions of Europe and in the process shaped the country s own shifting identity Through his analysis he provides the broader cultural context and historical perspective required in order to understand the country s EU accession process as well as its aftermath This work ultimately addresses what has arguably been the key question facing Bulgaria in the post Cold War period Are we European **Flight of Fantasy** Neil H. Donahue, Doris Kirchner, 2005-12-01 During the Nazi era many German writers chose or were forced into exile Many others stayed and after the end of this period claimed to have retreated into Inner Emigration The nature of this kind of emigration and the underlying motives of these writers have been hotly debated to this day Though the reception of Inner Emigration has often been confounded by disputes over the term itself the issue is ultimately not a matter of nomenclature but of more far reaching issues of literary evaluation moral discernment and the writing of history This volume presents for the first time to an English speaking readership the complexity of Inner Emigration through the analysis of

problematic individual cases of writers who under constant pressure from a watchful dictatorship to conform and to collaborate were caught between conscience and compromise

Hans Friedrich Blunck W. Scott Hoerle, 2003 Which literary traditions helped carry the Nazis to power In which parts of Germany were these traditions strongest This study answers these questions by examining the life and career of one of the Third Reich's most influential literati the northern German writer Hans Friedrich Blunck

Theatre Under the Nazis John London, 2000 Were those who worked in the theatres of the Third Reich willing participants in the Nazi propaganda machine or artists independent of official ideology To what extent did composers such as Richard Strauss and Carl Orff follow Nazi dogma How did famous directors such as Gustaf Grdgens and Jürgen Fehling react to the new regime Why were Shakespeare and George Bernard Shaw among the most performed dramatists of the time And why did the Nazis sanction Jewish theatre This is the first book in English about theater in the entire Nazi period The book is based on contemporary press reports research in German archives and interviews with surviving playwrights actors and musicians

A History of German Literary Criticism, 1730-1980 Peter Uwe Hohendahl, 1988 In Germany today it is still not obvious why or how one would write a history of literary criticism To be sure German historians of literary criticism no longer need to justify themselves explicitly but they cannot assume as can those working in the Anglo American or French traditions for example that their readers will immediately acknowledge and comprehend the importance of their project

"The Alien Within" Kate Sturge, 2004 In a regime obsessed with purity what place could there be for a literary practice that epitomises hybridity translation Examining the discourse on translation in Nazi literary journals this study shows how foreign literature was viewed through the prism of national identity formation in terms of the threats or benefits to nationhood which translation might offer The fortunes of translation under the strictures of censorship are traced with an analysis of official policies and publication patterns complemented by two detailed case studies of translations from English
