Gosudarstennyĭ Muzeĭ Izobrazitel'nykh Iskusstv Pushkina Natal'iĭa Alekseevna Sidorova, Ol'ga Vilenovna Tugusheva, 1996 Approaching the Ancient Artifact Amalia Avramidou, Denise Demetriou, 2014-08-25 This volume consists of forty contributions written by an internationally renowned selection of scholars The authors adopt an interdisciplinary methodology examining both literary and archaeological sources and a comparative perspective that transgresses national chronological and cultural boundaries in order to investigate the nature of the links between text and image This multifaceted approach to the study of ancient artifacts enables the authors to treat art and artistic production as activities that do not merely mirror social or cultural relationships but rather and more significantly as activities that create social and cultural relationships The essays in this book are motivated by their authors belief that there is no simple direct link between art and myths art and text or art and ritual and that art should not be delegated to the role of a by product of a literate culture Instead the contextual and symbolic analyses of artifacts and representations offered in this volume elucidate how art actively shaped myth how it changed texts how it transformed ritual and how it altered the course of local regional and Mediterranean histories **Corpus Vasorum Antiquorum: The J.
