Regulation, Crime and Freedom John Braithwaite, 2020-09-10 This title was first published in 2000 John Braithwaite is a distinguished criminologist with an international reputation in the study of regulation and globalization This collection contains his most important and influential essays in criminal justice and business regulation It has a substantial introduction explaining the thematization of his work around the design of regulatory systems to maximize freedoms as non domination

The Oxford Handbook of Sociology and Organization Studies Paul S. Adler, 2009 Organizations are a defining feature of the modern world and the study of organizations Organization Studies has become well established in both sociology departments and professional schools most notably business and management schools Organization Studies has long drawn inspiration from foundational work in sociology The sociological lens affords depth of insight into the technological economic cultural and political forces that shape organizations from both within and without In particular classical works in sociology have long energized organizational research primarily by suggesting ways of making sense of the ever accelerating pace of social change In recent decades however the field has lost interest in these sociology classics This trend reflects and reinforces an increasingly academic focus of contemporary Organization Studies Not only does this trend weaken Organization Studies engagement with the big social issues of our time but it isolates the field from the broader field of the social sciences The aim of this Handbook is to re assert the importance of classical sociology to the future of Organization Studies Alongside several thematic chapters the volume includes chapters on each of nearly two dozen major European and American theorists each of these chapter addressing a the ideas and their context b the impact of these ideas on the field of Organization Studies and c the potential future research these ideas might inspire The goal is not reverential exegesis but rather to examine how the classics can energize organizational research This wide ranging Handbook with contributions from leading American and European scholars will be a vital informative and stimulating resource for anybody undertaking research in teaching or interested in learning more about Organization Studies today About the Series Oxford Handbooks in Business Management bring together the world's leading scholars on the subject to discuss current research and the latest thinking in a range of interrelated topics including Strategy Organizational Behavior Public Management International Business and many others Containing completely new essays with extensive referencing to further reading and key ideas the volumes in hardback or paperback serve as both a thorough introduction to a topic and a useful desk reference for scholars and advanced students alike [Ghost Movies in Southeast Asia and Beyond](#) ,2016-08-09 Ghost Movies in Southeast Asia and Beyond explores ghost movies one of the most popular film genres in East and Southeast Asia by focusing on movie narratives the cultural contexts of their origins and audience reception In the middle of the Asian crisis of the late 1990s ghost movies became major box office hits The emergence of the phenomenally popular J Horror genre inspired similar ghost movie productions in Korea Thailand Taiwan Hong Kong the Philippines and Singapore Ghost movies are embedded and reflected in national as well as

transnational cultures and politics in narrative traditions in the social worlds of the audience and in the perceptual experience of each individual They reflect upon the identity crises and traumas of the living as well as of the dead and they unfold affection and attraction in the border zone between amusement and thrill secular and religious worldviews This makes the genre interesting not only for sociologists anthropologists media and film scholars but also for scholars of religion

Dress in Mediterranean Antiquity Alicia J. Batten, Kelly Olson, 2021-03-25 Insights from anthropology religious studies biblical studies sociology classics and Jewish studies are here combined to provide a cutting edge guide to dress and religion in the Greco Roman World and the Mediterranean basin Clothing jewellery cosmetics and hairstyles are among the many aspects examined to show the variety of functions of dress in communication and in both establishing and defending identity The volume begins by reviewing how scholars in the fields of classics anthropology religious studies and sociology examine dress The second section then looks at materials including depictions of clothing in sculpture and in Egyptian mummy portraits The third and largest part of the book then examines dress in specific contexts beginning with Greece and Rome and going on to Jewish and Christian dress with a specific focus on the intersection between dress clothing and religion By combining essays from over twenty scholars from different disciplinary backgrounds the book provides a unique overview of different approaches to and contexts of dress in one volume leading to a greater understanding of dress both within ancient societies and in the contemporary world

Das Unsichtbare Band Der Sprache John L. Flood, 1993 Language and Text Andrew James Johnston, Ferdinand von Mengden, Stefan Thim, 2006 Epilepsy in Babylonia Marten Stol, 1993-01-01 Stol's comprehensive exploration of the Babylonians conception and treatment of epilepsy adds a new chapter to the history of this ancient disease The author presents the sources examines the terminology and places epilepsy in context among kindred illnesses A full edition transliteration translation commentary and cuneiform copy of the relevant parts of the Diagnostic Handbook is included According to the Ancients epileptics are struck by the moon An examination of the relationship between epilepsy and the moon yields surprising results This volume deals with material that was unavailable to O Temkin author of the classic *The Falling Sickness* A history of epilepsy from the Greeks to the beginning of modern neurology 1971 It shows that traditional views of the Ancient Near East lived on among the Greeks and Romans
