Boston Public Library,1895 , An International Annotated Bibliography of Strindberg Studies 1870-2005: The plays
Michael Robinson,2008 This copiously annotated bibliography documents and examines the whole range of commentary on
Strindberg s works and activity in many fields besides the plays for which he is internationally best known These include his
prose fiction and poetry his work as an historian and natural historian and his relationship to the other arts most notably his
painting It is concerned with both lasting works of literary and dramatic criticism as well as reviews of his books and plays in
the theatre and some more ephemeral material all of this in several languages Organised generically and by subject and
individual work the bibliography enables the reader to trace the changing impact of Strindberg and his works in various
countries and during different periods It is thus very much a study in reception as well as a bibliographical record of
published material It traces the developing image of Strindberg and his writing both during his lifetime and in subsequent
years and with frequent cross reference offers a comprehensive overview of a literary and existential project that has rarely
been matched for its multifaceted diversity The bibliography is published in three parts Volume 1 General Studies 978 0

volume opens on 4 March 1803 the first day of Jefferson s third year as president Still shaken by the closing of the right of
deposit at New Orleans he confronts the potential political consequences of a cession of Louisiana to France that might result
in a denial of American access to the Mississippi But he resists pressures to seize New Orleans by force urging patience
instead The cabinet determines in April that all possible procrastinations should be used in dealing with France but that
discussions with Great Britain move forward as well In Paris a treaty for the cession of the Louisiana Territory to the United
States is signed and in May the right of deposit is restored On 3 July word reaches Jefferson in Washington of the agreement

that France has sold the entire Territory for 15 million The glorious news which may be the most momentous that Jefferson receives while president appears in the National Intelligencer the following day Having received congressional approval to send an expedition to locate a continental route to the Pacific Jefferson drafts instructions and a cipher for Meriwether Lewis and arranges for the needed instruments Following through on a promise to a friend to give his views of Christianity Jefferson puts his religious creed on paper a Syllabus of the morals of Jesus and the comparative merits of Christianity He intends it only for a few trusted friends Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library.
