Derechos Humanos En Argentina Informe 2004:

Derechos humanos en Argentina Centro de Estudios Legales y Sociales (Argentina),2008 **Migración internacional: derechos de las personas migrantes en Argentina y en España** María José Castaño Reyero,Javier Hernández,Liz Paola Niella,Daniel Pavón Piscitello,Ana Pérez Adhoer,Dante Pusiol,Christian Sommer,2020-11-30 Este libro es uno de los resultados del proyecto de investigación Derechos humanos y migración internacional análisis del marco legal identificación de buenas prácticas comparadas y formulación de propuestas de acción para la mejora de la tutela de los derechos de migrantes en situación de vulnerabilidad social desarrollado en colaboración entre la Universidad Católica de Córdoba y la Universidad Pontificia Comillas de Madrid El objetivo de la investigación se centra en reforzar el papel de la universidad en la promoción y defensa de los derechos humanos de las personas migrantes La obra presenta una comparación sobre el reconocimiento y la recepción de derechos humanos de las personas migrantes consagrados a escala internacional tanto por parte de Argentina como de España indaga sobre el efectivo goce y/o vulneración de derechos y también sobre canales y mecanismos de protección disponibles incluyendo el análisis de jurisprudencia relevante e identifica buenas prácticas plasmadas en propuestas de acción efectivas para mejorar la tutela de derechos **Courts that Matter** Sandra Botero,2023-11-16 A comparative study of Colombian and Argentine high courts that examines the differing impacts of landmark socioeconomic rights rulings **After Dictatorship** Peter Hoeres,Hubertus Knabe,2023-02-20 Numerous studies concerning transitional justice exist However comparatively speaking the effects actually achieved by measures for coming to terms with dictatorships have seldom been investigated There is an even greater lack of transnational analyses This volume contributes to closing this gap in research To this end it analyses processes of coming to terms with the past in seven countries with different experiences of violence and dictatorship Experts have drawn up detailed studies on transitional justice in Albania Argentina Ethiopia Chile Rwanda South Africa and Uruguay Their analyses constitute the empirical material for a comparative study of the impact of measures introduced within the context of transitional justice It becomes clear that there is no sure formula for dealing with dictatorships Successes and deficits alike can be observed in relation to the individual instruments of transitional justice from criminal prosecution to victim compensation Nevertheless the South American states perform much better than those on the African continent This depends less on the instruments used than on political and social factors Consequently strategies of transitional justice should focus more closely on these contextual factors En lucha con el pasado Saskia van Drunen,2018-04-10 En lucha con el pasado busca elucidar la manera en que la sociedad argentina otorga sentido al periodo de la dictadura militar a partir de 1983 y hasta 2006 haciendo para ello un análisis histórico de las luchas y los dilemas surgidos en ese periodo La investigación está organizada en torno a dos líneas principales la primera orientada a analizar los actores que procuraron mantener el pasado en la agenda pública los agentes de memoria La segunda se ocupa de la manera en que estos agentes de memoria interactuaron con su entorno social y político cómo fueron influenciados por este y cómo a su vez

 human rights in trade agreements in the Americas Traditionally trade agreements in the Americas were concerned with
 economic questions and paid little attention to human rights However in the wake of the new regionalism which emerged at
 the end of the last century more clauses addressing social issues such as labour rights and environmental standards were
 inserted in trade agreements As economic integration increased a framework for the protection of human rights evolved This
 book argues that this framework allows for human rights protection on a transnational level while constructing regional
 identities Looking at the four key regional integration processes namely the Caribbean Community the Central American
 Integration System the Andean Community of Nations and the Southern Common Market and also at the North American
 Free Trade Agreement it shows how the integration process has reached a considerable degree of consolidation Writing on
