outside the box I m writing this brief book to let you know that the work from home dream is for anyone who s willing to reach for it It s not an impossible dream either As I write there are millions of people all over the world working from home They re in their pajamas at the kitchen table They re sitting in the park They re drinking coffee at the corner java joint Wherever they are they re making money and they re making it on their terms and on their schedule Wouldn t you like to be your own boss keeping the hours that suit you best Wouldn t you like to make commuting to work a thing of the past It can be done This book seeks to prove my point It s a collection of key information based on case studies which demonstrates that working from home is not just a possibility It s something that will change your life recreating it as more prosperous and less stressful just because you were willing to make a change But the road to professional independence may not be perfectly smooth You may not make all your money from one sole revenue stream to start with That means variety which is the spice of life the last time I checked Making a living online and from home means understanding the ebb and flow of work and how to make it flow more than ebb So come along with me to discover how you can live the dream of working from home making as much as 10 000 per month The proof is in the pudding and this collection of case studies has been prepared to give you a gentle push in the right direction Let s find out how to get yourself out of the rat race and into a work from home situation that pays the bills and makes your life a happier one
