## **Quick Ai Automation Tools Ideas For Millennials:**

Manufacturing in the Digital Age Mohan Kumar Pradhan, Mahendra U. Gaikwad, Ragavanantham Shanmugam, 2025-11-27

This book covers manufacturing in the current context of Industry 4.0 and the impending era of Industry 5.0 exploring the path established by the manufacturing sector including developments, constraints, difficulties, and solutions. The importance of sustainability in the manufacturing sector, particularly in the context of Industry 4.0, is the focus. The difficulties in implementing Industry 4.0 and Industry 5.0 and providing advice on how to get past these barriers are also discussed, including sustainable methods and approaches to deal with environmental issues. Covers robotics, IoT, additive manufacturing, sustainability, and machine learning for productivity and quality in digital age manufacturing. Includes case studies based on real-world aspects and research and innovations in the field of digitalization and optimization of manufacturing. Covers sustainability interventions in the digital age manufacturing. Explains product design and development in the era of Industry 4.0 and 5.0. Reviews data management and policy-based aspects. This book is aimed at researchers and graduate students in mechanical, industrial, and production engineering.

**Liquid Legal - Sustaining the Rule of Law** Kai Jacob, Dierk Schindler, Roger Strathausen, Bernhard Walzl, 2025-05-05. This book is a comprehensive guide for legal business and technology professionals seeking to understand the intersection of sustainability and emerging technologies in the legal ecosystem. The book takes a critical look at the role of AI and cloud technologies in promoting sustainable legal practices and addresses the potential risks and ethical considerations associated with these technologies. The book explores the concept of sustainability in a legal context, highlighting the need for the legal system to sustain itself in order to sustain society at large. The chapters cover a wide range of topics from the use of generative AI and open legal data to promote access to justice to the codification of corporate cultural intelligence to mitigate risks associated with AI. The book also addresses the potential dark side of AI in the legal market, including the risks of autonomy, liability, legal, and ethical issues that arise when using AI in legal decision-making processes. The authors explore the need for sustainable digital transformation as a prerequisite for sustainable law, highlighting the importance of understanding the ethical and legal implications of AI in the legal system.

Generations in the World of Work Corey Seemiller, Meghan Grace, 2024-12-30. Generations in the World of Work provides invaluable data-informed insights into the intergenerational dynamics in today's workplaces. **Strategic Managerial Accounting - A Primer for the IT Professional** Gopal Saxena, 2017-07-12 This book probably the first written from the perspective of software professionals attempts to introduce them to the mysteries of strategic managerial accounting SMA The common view in the industry is that accounting is for the accountants despite the fact that IT professionals are regularly confronted by financial situations such as project pricing performance measurement risk estimation costs allocation etc While it is desirable and even necessary that every proposal be vetted by respective specialists the speed and reliability of the process could improve if the people who originate the proposal had knowledge of the fundamentals that go into the decision making Unfortunately most books on management accounting whether strategic or otherwise are written from the perspective of the manufacturing industry The IT and services industry on the other hand has a unique cost structure quite distinct from manufacturing which needs to be dealt with from a different perspective This book focuses on SMA in context of the IT software industry and seeks to equip the IT professional with some basics of SMA to assist them in making more informed decisions
