In this volume, John Klyczek expounds on Iserbyt's theories by tracing her work to the present moment as a last ditch effort to stop the corporatization of education. Klyczek explores how the infamous Yale Secret Society Skull and Bones utilized Robber Baron philanthropy and stimulus response psychological conditioning to institute a corporatist system of workforce training for a fascistically planned economy. He then explains how this system is being upgraded to a technocratic education system of corporatist school choice through virtual education technologies that program students for a globally planned economy. School World Order will teach you the ulterior agenda behind the ed tech movement: data mining students for research and development into artificial intelligence and transhumanist biotechnologies for the establishment of an authoritarian post-human society. **ICT Systems and Sustainability** Milan Tuba, Shyam Akashe, Amit Joshi, 2022-10-31 This book proposes new technologies and discusses future solutions for ICT design infrastructures as reflected in high quality papers presented at the 7th International Conference on ICT for Sustainable Development ICT4SD 2022 held in Goa, India on 29-30 July 2022.
