The Masculinity Workbook for Teens Christopher S. Reigeluth, 2022-11-01 Teen boys are under intense pressure to conform to society's stereotypes of masculinity but this widespread cultural message to man up can be detrimental to teens' mental health. In this workbook, psychologist and expert on teen masculinity Christopher Reigeluth offers much needed guidance to help teen boys form their own authentic, intentional, positive and healthy masculine identities. The Socially Confident Teen Christina Reese, 2022-05-01 Life as a teen can be a struggle. The hardships of juggling school, friends, family and social media, not to mention raging hormones, can limit self-confidence and the ability to build healthy relationships. Based on new research showing that attachment-based therapy improves social skills for teens, this workbook offers teens the tools they need to master social success, boost self-confidence, build emotional security and connect to others. **Think Big!** Rosemary Ludt, 2020-07-01 *Think Big: A Resource Manual for Library Programs That Attract Large Teen Audiences* is a how-to manual for librarians who want to attract large groups of teens to their libraries with meaningful, memorable events. Large programs may seem to be impossible to attempt until the project is broken down into the separate parts needed. *Think Big* begins with those separate parts necessary to create a large event, starting with the logistics of time and place, the budget and how to find funding, making a timeline to make everything fall into place, communication among all of the people involved, marketing to the teen audience, troubleshooting with thorough preparation and the importance of evaluations for reporting and for future planning. Part 2 is a collection of best practices. Seventeen successful large programs are included, contributed by librarians who have dared to think big and made it work. Included are the book and author programs in school and public libraries. There are also creative programs about poetry and dance, STEM activities, pop culture and school and work. Every section has two to four programs. Each program explains how the program began and evolved to the event it is today. A timeline, how the program was financed, who assisted to make every step successful, how the program was publicized and how evaluations were collected and written are provided in detail to empower a librarian to tackle their first time big program.
