Transformations Fail Tony Saldanha, 2019-07-23 Former Procter Gamble Vice President for IT and Shared Services Tony Saldanha gives you the keys to a successful digital transformation a proven five stage model and a disciplined process for executing it Digital transformation is more important than ever now that we're in the Fourth Industrial Revolution where the lines between the physical digital and biological worlds are becoming ever more blurred But fully 70 percent of digital transformations fail Why Tony Saldanha a globally awarded industry thought leader who led operations around the world and major digital changes at Procter Gamble discovered it's not due to innovation or technological problems Rather the devil is in

the details a lack of clear goals and a disciplined process for achieving them In this book Saldanha lays out a five stage process for moving from digitally automating processes here and there to making digital technology the very backbone of your company For each of these five stages Saldanha describes two associated disciplines vital to the success of that stage and a checklist of questions to keep you on track You want to disrupt before you are disrupted be the next Netflix not the next Blockbuster Using dozens of case studies and his own considerable experience Saldanha shows how digital transformation can be made routinely successful and instead of representing an existential threat it will become the opportunity of a lifetime
