You to the Power of Two Joseph Bradley, Don Tapscott, 2025-12-02. A new and previously unexplained era of artificial intelligence will transform human life forever. Discover what this means for our personal identity and our future. AI tools are already reshaping the way we work and communicate, but as they gain autonomy, they will no longer be mere tools; they will become active participants in our world. As our digital identities become smarter and more capable, we enter the age of identic AI, a world where ever-present AI companions streamline daily tasks, enhance wellbeing, and offer lifelong learning. For professionals, these intelligent agents will amplify creativity, boost productivity, and expand human potential. But with this extraordinary promise comes profound risks to individuals, businesses, and society itself. From technology experts Joseph M. Bradley and Don Tapscott, *You to the Power of Two* is a thought-provoking and timely guide that will prepare readers to thrive in a world of personal AI agents by revealing how our new digital sidekicks will transform our careers, healthcare, education, and relationships. Empowering readers to embrace AI with confidence and purpose rather than fear, exploring AI's role in redefining human potential, success, and the institutions of society, explaining self-sovereign identity and decentralized AI models that will safeguard autonomy, control, and future. For individuals, businesses, and policymakers alike, identic AI will reshape how we work, learn, and connect. Will we harness its power for a more equitable future, or will we let it shape us in ways we can't control? The future isn't written; it's ours to create.

*The Implications of new Technology, particularly Artificial intelligence (AI) for International Politics* Malam Wasai, 2023-09-18. Submitted Assignment from the year 2023 in the subject Politics General and Theories of International Politics, language English. Abstract: Greater scrutiny is necessary because AI will have a significant impact on international relations, such as putting new topics on the international agenda, challenging geostrategic relations, serving as a tool for diplomats and negotiators, and creating new opportunities and concerns about protecting human rights. Scholars and diplomats have found it helpful to think about the different things that affect international relations by breaking them down into three levels of analysis: individual, state, and international. State-level analysis examines the foreign policy behavior of states in terms of state characteristics. For example, some scholars say that all democracies behave a certain way; they don't fight with other democracies. Artificial intelligence impacts governance. As AI continues to evolve and permeate various aspects of our lives, its implications for AI and how it impacts businesses, AI, artificial intelligence refers to machines that can perceive, intelligence, synthesize, and infer information. It is the science and engineering of intelligent machines that can mimic human intelligence to perform tasks and then on the information they

collect improve themselves based AI is designed to significantly enhance human capabilities and contributions making it a valuable business asset
