Good Content Stanley Idesis, 2018-08-07 The Content Trap Bharat Anand, 2016-10-18 My favorite book of the year Doug McMillon CEO Wal Mart Stores Harvard Business School Professor of Strategy Bharat Anand presents an incisive new approach to digital transformation that favors fostering connectivity over focusing exclusively on content NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Companies everywhere face two major challenges today getting noticed and getting paid To confront these obstacles Bharat Anand examines a range of businesses around the world from The New York Times to The Economist from Chinese Internet giant Tencent to Scandinavian digital trailblazer Schibsted and from talent management to the future of education Drawing on these stories and on the latest research in economics strategy and marketing this refreshingly engaging book reveals important lessons smashes celebrated myths and reorients strategy Success for flourishing companies comes not from making the best content but from recognizing how content enables customers connectivity it comes not from protecting the value of content at all costs but from unearthing related opportunities close by and it comes not from mimicking competitors best practices but from seeing choices as part of a connected whole Digital change means that everyone today can reach and interact with others directly We are all in the content business But that comes with risks that Bharat Anand teaches us how to recognize and navigate Filled with conversations with key players and in depth dispatches from the front lines of digital change The Content Trap is an essential new playbook for navigating the turbulent waters in which we find ourselves Praise for The Content Trap A masterful and thought provoking book that has reshaped my understanding of content in the digital landscape Ariel Emanuel co CEO WME IMG The Content Trap is a book filled with stories of businesses from music companies to magazine publishers that missed connections and could never escape the narrow views that had brought them past success But it is also filled with stories of those who made strategic choices to strengthen the links between content and returns in their new master plans The book is a call to clear thinking and reassessing why things are the way they are The Wall Street Journal Before You Say Anything Victoria Wellman, 2025-08-22 The convention breaking creative process of New York's busiest speechwriter offering a holistic approach to crafting every kind of speech The ability to express yourself in words has become both a rite of passage and an essential skill for anyone who wants to make a difference within their family community workplace or beyond And yet strategies for engaging a new generation of media and tech savvy audiences have failed to keep up with the times leaving speakers wondering how to articulate a resonant message that bristles with detail authenticity and emotional truth While we can t all expect to captivate and inspire millions as Barack Obama and Greta Thunberg have every speaker regardless of their experience can follow a road map to elevate a narrative from serviceable to unforgettable This is true whether you re roasting a colleague at an office party delivering a keynote industry address accepting an award or eulogizing a loved one In Before You Say Anything Victoria Wellman the founder and president of Manhattan based speechwriting company The

Oratory Laboratory shares her unique methodology for researching reimagining crafting and delivering an outstanding speech by focusing on three core objectives respect for the audience the restless pursuit of originality and intentionality behind every word Full of hilarious anecdotes and examples from Wellman s extensive experience as the go to speechwriter for power players and everyday people from around the world Before You Say Anything is an irresistible antidote to the age old doctrine of what a speech must include Instead it will leave readers with an enlightened and refreshing way of thinking about their sources ideas and material and give them a strategy for putting it all to use
