Russell C. James,2018-11-25 Why nearly 90% of bloggers only make pocket money from their work and how to be part of the top 10% that makes the big bucks Just a few years ago I was fired from a law firm I used to work for was heavily in debt and was looking for ways to make some side income online That s around the time I started blogging And because I really had no other choice I pushed myself into learning every possible way I could turn my new fitness blog into a money making machine So I did what you re probably doing going through the YouTube videos reading all the articles buying all the courses etc To my dismay I encountered the 3 challenges that stop most bloggers from making any significant income online Information overload The piles of information on the topic and the analysis paralysis that I got as a result prevented me from getting

anything done I followed outdated info The internet evolves rapidly and what worked in 2018 may not necessarily work in 2019 I lacked a roadmap with a destination Not knowing what you want and lacking a step by step procedure to get there is the perfect recipe for not getting any results at all Through hard work and dedication I was able to get past these hurdles and eventually made my first 5 figure month a bit over a year later Today I am a multiple six figure earner Because I understand what you re going through I ve written Blogging for Profit 2019 In this book I have structured an easy to follow step by step plan based on up to date information that will make you start your journey towards profit on the right foot In this book you will Discover the hidden step in blog creation that will make or break your blog and how to fix this if you missed it Up to date blog monetization strategies for 2019 Discover how to read the minds of your audience and write tailor suited material for them every time Apply savvy internet marketing secrets for sending massive traffic of buying customers to your blog Win the social media game for getting even more traffic No this is not Facebook Ads Optimize your blog to be found on the internet the right way Discover million dollar brand secrets for having your readers come back to your blog time and time again Bullet proof blog monetization strategies that can make you passive income in less than 60 days 2019 may just be the perfect time to start creating REAL freedom in your life if you play your cards right But Russell I can just learn all of this on my own can t I You could and you could make it work with enough time and money put in However that would cost you a LOT more than the price of this book And what if I have no sales experience Can I still make money No worries we re not force pitching products to anyone Instead we re making interested customers come to us through our blog What if I already have a blog With a few tweaks we can optimize it for making money So don t sweat it s nothing we can t change and improve What are you waiting for Click the add to cart button and get your copy of Blogging for Profit 2019 **MAKE MONEY**

BLOGGING Jim Selter, 2020-12-25 It is a no laughing matter to come up with a blog that will push a large number of readers and help you earn a lot of money That s why I wanted to bring this guide together to help you make the choices that will maximize the odds of creating a popular blog that people would continue to visit over and over again Hopefully this guide will give you some hints some tips and help you make your blog not only good and read well but also get all the necessary readers followers contacts pundits and likely detractors and ultimately help you make a lot of money This guide will teach you how to monetize your blog and catch your share of traffic which in turn will help you make some money from your writing It will guide you through the stages of setting up your blog monetizing it and even driving traffic in measures that are easy to follow If you re new to blogging then I suggest you start working your way through chapter one but if you ve already set up your blog and just want to build on what you ve already developed then pick and choose dip in and out the most valuable bits for you You ve already read more about blogging vlogging tweeting podcasting and micro blogging however you may have thought that being a blogger someone who posts a blog vlogger someone who hosts produces a video based blog and or podcaster someone who creates an audio podcast is too time consuming too expensive and wouldn t help you in some way

Well the time has come for you to talk about this again and again In the past it was important to land a job as a writer for a big newspaper or magazine or become the host of a radio or television program if you wanted to reach a mass audience Even if you succeeded in winning one of these jobs you always had to stick to your bosses stringent editorial standards and uphold a high degree of journalistic integrity However due to blogging anyone from anywhere has the ability to share their views suggestions information viewpoints and or experience with a potentially large audience around the globe and the expense of doing this is basically at a lower cost The main idea that you need to take away from this book before we get started is sure blogging is easy to do If you build it though they won t actually come here Even if you build and post the most amazing groundbreaking artistic imaginative fun insightful and interactive blog in internet history it won t generate an audience if you don t invest the time and resources you need to market your blog too After all thousands of new blogs are generated every day and the blogosphere already has millions upon millions of popular and not so successful blogs out there If you want your blog to be popular you ll need to be creative and innovative directly target your original content to your intended audience and most importantly encourage your blog to build and maintain the following However if you take the right path to get reasonable goals into this project then the possibilities are completely limitless Before we really start learning everything about blogging it s important to understand that a blog can take on many types these days It can be created using text alone or you can blend text with images video audio computer graphics and other multimedia content to communicate your core message or information to the intended public Similarly a blog need not be a stand alone body For eg it can be released as part of a website or Facebook page or it can be linked directly to everything else that you do online CHAPTER ONE

UNDERSTANDING WHAT A BLOG IS WHAT IS A BLOG The term blog came from merging the terms online and book which was used for a short time to describe blogs that posted a running list of dated posts kind of like a chronologically presented digital diary **Blogging for Profit** Susan Elby, 2020-03-07 Introduction Do not listen to the naysayers who complain if you have not established yourself as an expert in the niche so even if the entire field saturated Shake it off and remember that trends change and evolve and so does the public need knowledge in research Therefore I guarantee that you can bring a new perspective to every niche and package in a way that is more attractive than what is already out there So keep that in mind let us why blogging is a useful exercise in 2019th1 You can make money from around the world There are restrictions on where and when you can blog As long as you have an internet connection and a laptop or a smartphone or tablet you are ready to begin While a great blog that has a loyal audience is created you can also earn money while you sleep Some bloggers become digital nomads because they have realized that blogging gives them the freedom to travel and still make money Some of them even live full time blogs because they earn enough money to support their lifestyle There are literally borders the capital you can make if you act intelligently 2 Tell your story online Blogging is not just to make money for everyone For some people it is therapeutic to put their life experiences real or imagined histories and other personal

information online Some stories are meant to inspire educate and stimulate the mind and should be shared where everyone can see There is also a need to escape for many people so they turn to blogs and vlogs see below people living different lives to experience the adventure they see in their own lives There is a broad audience that is required to enjoy these stories and appreciate the sincerity

Blogging For Profit Robert Hill, 2020-11-03 Would like to start a profitable blog but are you scared to have anything to say Whether if you want to build a successful blog from scratch or take your existing blog to the next level then keep reading When I got started I was totally IN LOVE with blogging lifestyle and my goal was to leave my 9 5 job and be my own boss Blog can be a powerful passive income asset if you re trying to build a personal brand get jobs sell digital or physical products But what other experts don t want to tell you is that you need a specific strategy to provide the readers what they REALLY want So would you like to straight through the B S and know exactly to create your independence with Blogging This book contains practical steps to take action immediately How to pick the right niche identify your readers and become their Leader How to setup your blog in just 5 minutes with a highly responsive theme Develop an easy system to plan irresistible content How millionaire bloggers create powerful viral ready headlines writing persuasive copy The main monetization techniques to generate passive income How to create endless amount of captivating blog posts regularly without being overwhelmed The secrets behind SEO optimization to rank higher on Google searches The fastest strategies to build a list of 50 quality email subscribers a day and more Don t worry about what to write or jumping into a crowded niche I ll teach you how to use your personality quirks and experiences to write about your topic in your own special way There has never been a better time to do this Internet has made it cheaper and easier than ever before for anyone to start a blog If you are tired of other books that don t have any practical substance just allow me to held you by the hand and took you all the way Ready to take action Get your copy today and let s get it started
