Online Side Hustle: Newbie-Friendly Guide for Making Your First \$1,000 in Passive Income Each Month on Autopilot -- With 7 Proven Business Models Including Social Media, Shopify, and Amazon FBA

Financial Freedom Blueprint, 2019-05-07

Profitable businesses that you and your family can start in your spare time. If you've ever wanted to make a little extra cash on the side but don't have much money to invest, then keep reading. Here's the unfortunate truth: Most of the books on Amazon promise you instant riches for little to no work. Or they'll just be one long sales pitch for yet another overpriced online course. Or worse, some kind of recruitment for a network marketing scam. So why is this book different? Here at Financial Freedom Blueprint, we've rounded up a group of experts, each of whom have years of experience in their fields, to bring you today's best work-at-home opportunities. Not stuff which might have worked 10 years ago but no longer does, so even if you've tried blogging, writing articles, selling stuff on Craigslist or eBay affiliate marketing, or a bunch of other stuff online which doesn't actually work, then don't worry. This book only contains proven business models which are working in 2019. This isn't a get-rich-quick scheme, and these projects will need some time and effort to get started. But all of them only require a small investment, and sometimes no investment, and don't take a lot of time to set up. No need for hours of technical training, either. Most of these are turnkey models you can get up and running with in a single weekend. And best of all, you can run them from your laptop or, in some cases, your smartphone. Here's just a fraction of what you'll discover inside:

- The real secret to making money online. This is the opposite to what every guru has been telling you.
- How one desperate housewife made 1,500 profit her first month with just a small investment of 200 and less than 10 hours of work.
- The unique business model you can use to make 500 a week from your smartphone.
- The 4 best ecommerce niches for 2019 you won't find these on any mainstream websites, and sellers in them are quietly making a killing.
- How to leverage one of the fastest growing markets on the planet by writing about your favorite subjects. This is one of the most fun and profitable ways to make money online right now.
- An unsexy yet reliable way to generate 1,000 in the next week. All it takes is a few emails sent to the right people and 2 hours of computer work, and you're good to go.
- The dangerous lesson inside Rich Dad Poor Dad.
- The little-known business model only taught in a 2,500 program which is making people 4 and 5 figures a month with less than 60 minutes work a week.
- How to make your first 1,000 with zero investment, even if you don't have a college degree or barely finished high school.
- This one is so simple we've yet to see anyone fail with it.
- Is Amazon FBA worth it in 2019? The surprising truth inside, and much, much more.

If you or your spouse loves to write, then you'll love the business model in chapter 7, which can easily net you an extra 25,000 a year, no, it's not blogging. Or, if you fancy yourself as someone who can

spot a bargain then head straight to chapter 5 to discover how to leverage your skill in today's online marketplace. There are no upsells or withheld information either you can read the book and get started with your new side hustle the very same day. So if you want to get your hands on 7 proven business models for less than the price of an overpriced coffee at Starbucks, scroll up and click add to cart to receive your copy instantly.
