Nicolas Forgue,2018-09-02 Welcome to start as a digital nomad or how I changed my life and my 9 5h job to explore the world and make money on my computer In this book I talk about my personal experience I explain how from the beginning I managed to become digital nomad from the start but working hard I'm talking about the transitional period that I realized between the idea that I had to become a digital nomad and the moment when I left to start this life For a long and long month I kept my normal job 9 5h that I had and I started working next to succeed to earn money via my computer In my program I describe step by step this period where I spent most of my time on this project I show that it is possible with work and motivation to live your dreams I emphasize the acquisition of skills the work the creation to be able to get there I also give tips through my experience on how to go about it and how to get there Do not be fooled except if you are lucky or had the chance to work in programming you have to work hard to get there However as I explain in this book I have never seen this as real work but as an occupation that I enjoyed doing As a result it was a pleasure And when I see the result there is nothing to regret about the concessions to be made
