Generative AI, Media, and Society Katalin Feher, 2025-04-28 This groundbreaking book demystifies generative AI's transformative impact on media, socio-cultural dynamics, ethics, and policy. Defining generative AI as an evolutionary leap in the development of artificial intelligence, the author examines intricate human-machine interactions and socio-technical dynamics, advocating robust, proactive AI governance to address emerging uncertainties. The book is clearly structured into six key chapters, each exploring distinct aspects of the relationship between artificial intelligence, media, and society. The chapter on Transformation examines how machine behavior is reshaping our datafied society, questioning whether data is the new oil or digital manure. Generative AI investigates the models and future impacts of generative AI as a co-intelligence, revisiting the Turing Test and analyzing societal business impacts. AI Media explores the convergence of media and AI, highlighting robot journalism, synthetic content, and the disinformation era, and discussing the trend toward high-risk optimism. Uncertainties addresses inherent unpredictability vs. strategic foresight, focusing on challenged business models, sustainability concerns, and emotional intelligence factors. Ethics analyzes generative morality and dual-use technology, covering trusted AI principles from misuse to integrative solutions. Finally, Policy discusses governance, labor market impacts, the importance of human rights, and power dynamics in generative AI. Each chapter also provides summaries of impact projects, reflective art, scholarly questions, and strategic takeaways, extended with a comprehensive glossary. This is an essential resource for scholars, students, policymakers, technologists, ethicists, and AI industry leaders seeking to rapidly understand and address the challenges and opportunities of generative AI and AI media in a cohesive framework.

Make Your Brand Matter Steven G. Soechtig, 2022-08-16 Combine brand and experience into a single exciting whole to drive growth. The Digital Transformation era has come and gone. Experiential concepts like personalization, transparency, transference, uniqueness, and immediacy are now table stakes in an increasingly connected and responsive market. Companies that failed to ante up are already gone or fading fast. In *Make Your Brand Matter*, serial entrepreneur and brand strategist Steve Soechtig delivers an eye-opening discussion of the post-Digital Transformation era in which we now live. The book walks you through the evolution of brand and experience, leveraging examples of historical and digitally native brands that have succeeded and failed to seize the digital moment. You'll discover brands that enabled new customer acquisition, customer value optimization, and customer loyalty, all the while realizing that brand and experience are two sides of the same coin. The book also offers strategies, techniques, and activities for teams to capture digital opportunities. Discussions of why brand and experience reinforce one another and how experiences must embrace, reflect, and enforce brand identity. Tactics to accelerate the customer's progression from evaluator to loyal advocate. *Make Your Brand Matter* is an essential resource for marketing professionals. It also belongs on the bookshelves of company founders and owners.
