A sparkling life of the monumental fashion designer Cristóbal Balenciaga. When Cristóbal Balenciaga died in 1972 the news hit the front page of The New York Times. One of the most innovative and admired figures in the history of haute couture, Balenciaga was said to be the only designer who dares do what he likes. He was said to be the master of us all. But despite his extraordinary impact, Balenciaga was a man hidden from view. Unlike today's celebrity designers, he saw to it that little was known about him to the point that some French journalists wondered if he existed at all. Even his most notable and devoted clients, Marlene Dietrich, Barbara Hutton, a clutch of Rothschilds, never met him. But one woman knew Balenciaga very well indeed. The first person he hired when he opened his Paris house, then furnished with only a table and a stool, was Florette Chelot, who became his top vendeuse as much an adviser as a saleswoman. She witnessed the spectacular success of his first collection and they worked closely for more than thirty years until 1968 when Balenciaga abruptly closed his house without telling any of his staff. Youth-oriented fashion was taking over Paris, was in upheaval, and the elder statesman wanted no part of it. In *The Master of Us All*, Mary Blume tells the remarkable story of the man and his house through the eyes of the woman who knew him best. Intimate and revealing, this is an unprecedented portrait of a designer whose vision transformed an industry but whose story has never been told until now.

Cristóbal Balenciaga Miren Arzalluz, 2011-11

Today's global luxury brand Balenciaga owes its name and existence to one of the twentieth century's most innovative fashion designers, the internationally renowned Basque Cristóbal Balenciaga. Miren Arzalluz's in-depth study reveals the roots of Balenciaga's Parisian success, unveiling his formative experiences and achievements in Spain against the backdrop of his social and cultural heritage. In extraordinary detail, this fascinating book examines how and where garments were made and why some demonstrate the cutting edge of fashion while others may seem conservative. Arzalluz reveals the importance of family and friends as well as patrons and employees in establishing Balenciaga's reputation and his sensitivity to the economic and political environment.
