Critical Perspectives on the Decameron Robert S. Dombroski,1976 **Critical Perspectives on the Decameron** Critical Perspectives on the Decameron. Ed. Robert S. Dombroski. London, 1976 Robert S. Dombroski, 1977 The Cambridge Companion to Boccaccio Guyda Armstrong, Rhiannon Daniels, Stephen J. Victoria Kirkham, Milner, 2015-07-09 A major re evaluation of Boccaccio's status as literary innovator and cultural mediator equal to that of Critical Perspectives on Native American Fiction Richard F. Fleck, 1997 Petrarch and Dante Literature Albrecht Classen, 2017-08-15 Ecocritical thinking has sensitized us more than ever before to the tremendous importance of water for human life as it is richly reflected in the world of literature The great relevance of water also in the Middle Ages might come as a surprise for many readers but the evidence assembled here confirms that also medieval poets were keenly aware of the importance of water to sustain all life to provide understanding of life s secrets to mirror love and to connect the individual with God In eleven chapters major medieval European authors and their works are discussed here taking us from the world of Old Norse to Irish and Latin literature to German French English and Italian romances and other Literary Representations of Pandemics, Epidemics and Pestilence Nishi Pulugurtha, 2022-12-23 Disease narratives pestilence and contagion have been an integral component of human lives and stories This book explores the articulations and representations of the vulnerability of life or the trauma of death in literature about epidemics both from India and around the world This book critically engages with stories and narratives that have dealt with pandemics or epidemics in the past and in contemporary times to see how these texts present human life coming to terms with upheaval fear and uncertainty Set in various places and times the literature examined in this book explores the themes of human suffering and resilience inequality corruption the ruin of civilizations and the rituals of grief and remembrance The chapters in this volume cover a wide spatio temporal trajectory analysing the writings of Fakir Mohan Senapati and Suryakant Tripathi Nirala Jack London Albert Camus Margaret Atwood Sarat Chand Pandita Ramabai and Christina Sweeney Baird among others It gives readers a glimpse into both grounded and fantastical realities where disease and death clash with human psychology and where philosophy politics and social values are critiqued and problematized This book will be of interest to students of English literature social science gender studies cultural studies psychology society politics and philosophy General readers too will find this exciting as it covers authors from across the world Globalism in the Middle Ages and the Early Modern Age Albrecht Classen, 2023-09-05 Although it is fashionable among modernists to claim that globalism emerged only since ca 1800 the opposite can well be documented through careful comparative and transdisciplinary studies as this volume demonstrates offering a wide range of innovative perspectives on often neglected literary philosophical historical or medical documents Texts images ideas knowledge and objects migrated throughout the world already in the pre modern world even if the quantitative level compared to the modern world might have been different In fact by means of translations and trade for

instance global connections were established and maintained over the centuries Archetypal motifs developed in many literatures indicate how much pre modern people actually shared But we also discover hard core facts of global economic exchange import of exotic medicine and on another level intensive intellectual debates on religious issues Literary evidence serves best to expose the extent to which contacts with people in foreign countries were imaginable often desirable and at times feared of course The pre modern world was much more on the move and reached out to distant lands out of curiosity economic interests and political and military concerns Diplomats crisscrossed the continents and artists poets and craftsmen traveled widely We can identify for instance both the Vikings and the Arabs as global players long before the rise of modern globalism so this volume promises to rewrite many of our traditional notions about pre modern worldviews economic conditions and the literary sharing on a global level as perhaps best expressed by the genre of the fable Italian Quarterly Carlo Luigi Golino, 2000 Encyclopedia of Literary Translation Into English: A-L O. Classe, 2000 The Critical Perspective ,1985 V 1 Medieval Early Renaissance v 2 Spenser and Shakespeare v 3 Elizabetha n Caroline v 4 Restoration Early Georgian v 5 Georgian v 6 Late Georgia n Romantic v 7 Early Victorian v 8 Mid Victorian v 9 Late Victorian v 1 0 Edwardian v 11 Bibliographical Supplement and index Masterplots Frank Northen Magill, 1996 Boccaccio and the **Book** Rhiannon Daniels, 2017-07-05 As a new digital era increasingly impacts on the age of print we are ever more conscious of the way in which information is packaged and received The influence of the material form on the reading process was no less important during the gradual shift from manuscript to early print culture Focusing on the physical structure and presentation of manuscripts and printed books containing texts by one of the most influential authors of the medieval period Rhiannon Daniels traces the evolving social cultural and economic profile of Boccaccio's readership and the scribes and printers who laboured to reproduce three of his works the Teseida Decameron and De mulieribus claris Rhiannon Daniels is a British Academy Postdoctoral Fellow in the Department of Italian at the University of Leeds National Union Catalog ,1973 Includes entries for maps and atlases Freedom, Imprisonment, and Slavery in the Pre-Modern World Albrecht Classen, 2021-04-19 Contrary to common assumptions medieval and early modern writers and poets often addressed the high value of freedom whether we think of such fable authors as Marie de France or Ulrich Bonerius Similarly medieval history knows of numerous struggles by various peoples to maintain their own freedom or political independence Nevertheless as this study illustrates throughout the pre modern period the loss of freedom could happen quite easily affecting high and low including kings and princes and there are many literary texts and historical documents that address the problems of imprisonment and even enslavement Georgius of Hungary Johann Schiltberger Hans Ulrich Krafft etc Simultaneously philosophers and theologians discussed intensively the fundamental question regarding free will e g Augustine and political freedom e g John of Salisbury Moreover quite a large number of major pre modern poets spent a long time in prison where they composed some of their major works Boethius Marco Polo Charles d Orl ans Thomas Malory etc This book brings to light a vast range of relevant sources that confirm the existence of this fundamental and impactful discourse on freedom imprisonment and enslavement Prof Albrecht Classen is the joint winner of The Literary Encyclopedia book prize for 2023 Literatures written in languages other than English for this book https www litencyc com book prizes book_prizes_2023 php
