## **Critical Philosophy Of Hermann Cohen:**

**The Critical Philosophy of Hermann Cohen** Andrea Poma, 2012-02-01 This is a translation of Andrea Poma's *La filosofia critica di Hermann Cohen* which first appeared in 1988. During the second half of the nineteenth century the German philosophical scene had witnessed the extinction of absolute idealism and the predominance of the naive materialism of the adherents of scientism. Hermann Cohen's philosophy stood out in favor of the value of critical reason on which scientific idealism in the form of a revival of authentic rational idealism is founded. His standpoint rejected the opposite extremes of both absolute idealism and naive materialism. The Marburg school, one of the great German philosophical schools at the turn of the century, grew out of Cohen's philosophy which inspired a large number of twentieth century thinkers. Cohen was without doubt one of the principal adherents of the return to Kant as a fundamental point of reference of Critical Idealism. He based this revival on a long historical philosophical tradition represented by Plato, Descartes, Leibniz and others apart from Kant himself. Although Cohen saw himself as Kant's heir, he went beyond Kant in his development and deepening of the meaning of critical philosophy in his own philosophical system. He followed an original path which revealed a great deal of the hitherto concealed potential of this type of philosophy. In his later years, Cohen turned his attention mainly to the philosophy of religion, but his last works are not simply what would be termed the *Summa theologica* of contemporary Judaism. They also belong to a continuous line connecting them to his previous thought, deepening the meaning and extending the potentiality of critical philosophy and its connection to religious problems, satisfactorily developing the aspect of thought on the limit of reason which for critical philosophy is a necessary complement to thought within the limits of reason.

**Hermann Cohen's Critical Idealism** Reinier W. Munk, 2006-07-19 Hermann Cohen (1842-1918) is an original systematic thinker and representative of the Marburg School of Critical Idealism. The Marburg School was a leading school in German academic philosophy and in German Jewish philosophy for a period of over thirty years preceding the First World War. Initially standing at the front of the Return to Kant movement, Cohen subsequently went beyond Kant in developing a system of critical idealism in which he offered a critique of and alternative to absolute idealism, positivism and materialism. A critical idealist in heart and soul, Cohen is also recognized as a man who embodied German Jewish culture. Publications on Cohen in the English language are small in number and this volume aims to fill the gap. It offers an analysis of Cohen's System of Philosophy, the three volume classic on logic, ethics and aesthetics, and his writings on Judaism and religion. The book highlights Cohen's contributions in these fields including his discussions with Maimonides, Leibniz, Kant and Hegel. It demonstrates the congeniality of Cohen's critical idealism as expounded in the System and his writings on Judaism and offers an overview of contemporary Cohen research. *Yearning for Form and Other Essays on Hermann Cohen's Thought* Andrea Poma, 2006-02-20 A collection of papers, this volume deals with different aspects of Cohen's thought: ethical, political, aesthetic and religious aspects in particular. It represents attempts to follow the ubiquitous presence of certain important themes in

Cohen and their capacity for containing meanings that cannot be limited to a single philosophical sphere      **Hermann Cohen** Frederick C. Beiser, 2018 This book is the first complete intellectual biography of Hermann Cohen 1842-1918 and the only work to cover all his major philosophical and Jewish writings Frederick C. Beiser pays special attention to all phases of Cohen's intellectual development its breaks and its continuities throughout seven decades The guiding goal behind Cohen's intellectual career he argues was the development of a radical rationalism one committed to defending the rights of unending enquiry and unlimited criticism Cohen's philosophy was therefore an attempt to defend and revive the Enlightenment belief in the authority of reason his critical idealism an attempt to justify this belief and to establish a purely rational worldview According to this interpretation Cohen's thought is resolutely opposed to any form of irrationalism or mysticism because these would impose arbitrary and artificial limits on criticism and enquiry It is therefore critical of those interpretations which see Cohen's philosophy as a species of proto-existentialism Rosenzweig or Jewish mysticism Adelman and Kohnke Hermann Cohen An Intellectual Biography attempts to unify the two sides of Cohen's thought his philosophy and his Judaism Maintaining that Cohen's Judaism was not a limit to his radical rationalism but a consistent development of it Beiser contends that his religion was one of reason He concludes that most critical interpretations have failed to appreciate the philosophical depth and sophistication of his Judaism a religion which committed the believer to the unending search for truth and the striving to achieve the cosmopolitan ideals of reason      *Monotheism and Tolerance* Robert Erlewine, 2010-01-11 Why are religious tolerance and pluralism so difficult to achieve Why is the often violent fundamentalist backlash against them so potent Robert Erlewine looks to a new religion of reason for answers to these questions Drawing on Enlightenment writers Moses Mendelssohn Immanuel Kant and Hermann Cohen who placed Christianity and Judaism in tension with tolerance and pluralism Erlewine finds a way to break the impasse soften hostilities and establish equal relationships with the Other Erlewine's recovery of a religion of reason stands in contrast both to secularist critics of religion who reject religion for the sake of reason and to contemporary religious conservatives who eschew reason for the sake of religion *Monotheism and Tolerance* suggests a way to deal with the intractable problem of religiously motivated and justified violence      Hermann Cohen's Ethics Robert Gibbs, 2006-07-01 The essays assembled here represent the leading Hermann Cohen scholars from the United States Canada Italy Switzerland Germany the Netherlands and Israel Emerging from their efforts is a new set of explorations both in Cohen's own system and also in his relation to a wide range of subsequent thinkers They open Cohen's *Ethics of Pure Will* in two ways First they show us the deep questions that are operating within Cohen's texts and second they raise questions for ethics itself particularly in relation to Jewish tradition That specific topic the primacy of ethics for Judaism received one of its most philosophically rigorous treatments in Cohen's work where thinking of the relation of ethics and Judaism became a truly philosophical task Originally published as Volume 13 2005 of *The Journal of Jewish Thought and Philosophy* For more details on this journal please click here      Hermann Cohen Samuel Moyn, Robert S. Schine, 2021-07-15

Hermann Cohen 1842 1918 was among the most accomplished Jewish philosophers of modern times This newly translated collection of his writings illuminates his achievements for student readers and rectifies lapses in his intellectual reception by prior generations     *Modernism Between Benjamin and Goethe* Matthew Charles, 2019-12-12 Widely regarded as one of the foremost cultural critics of the last century Walter Benjamin's relation to Modernism has largely been understood in the context of his reception of the aesthetic theories of Early German Romanticism and his associated interest in avant garde Surrealism But this Romantic understanding only gives half the picture Running through Benjamin's thought is also a critique of Romanticism developed in conjunction with a positive engagement with the philosophical artistic and historical writings of J W von Goethe In demonstrating the significance of these Goethean elements this book challenges the dominant understanding of Benjamin's philosophy as essentially Romantic and instead proposes that Goethe's Classicism conceived as the counterpoint to Romanticism permits a corrective to the latter's deficiencies Benjamin's Modernist concept of criticism it is argued is constituted in the movement between these polarities of Romanticism and Classicism Conversely placing Goethe's Classicism in relation to Benjamin's practice of literary criticism reveals historical tensions with Romanticism that constitute the untimely indeed it will be argued cinematic Modernism of his work Adopting a transcritical approach this book alternates between Benjamin and Goethe in relation to the experiences of colour language and technology assembling a constellation of philosophical and artistic figures between them including the writings of Kant Nietzsche Cohen Deleuze Koselleck Klages and the work of Gr newald Mar es Klee Turner Hulme Eisenstein Tretyakov and Murnau     Transcendental Inquiry Halla Kim, Steven Hoeltzel, 2017-01-04 This book provides a close examination of Kant's and Fichte's idealisms as well as the positions of their predecessors and successors in order to isolate and evaluate various essential elements of transcendental inquiry The authors examine Kant's and Fichte's contributions to transcendental idealism transcendental arguments as a distinctive form of reasoning and the metaphysically more ambitious forms of idealism developed by philosophers such as Schelling Hegel and Cohen The book also addresses some of the most acute criticisms levelled against transcendental philosophy and explores more recent developments of the transcendental approach in the form of contemporary discourse ethics especially as represented by Habermas and Apel The authors also explore the contributions of a number of other important philosophers including Husserl Heidegger L gstrup Peirce and Putnam     *Ethics Out of Law* Dana Hollander, 2021-06-17 This is the first book in English to lay out the philosophical ethics and philosophy of law of Hermann Cohen one of the leading figures in both Neo Kantian and Jewish philosophy     *Hermann Cohen and the Crisis of Liberalism* Paul Egan Nahme, 2019-03-28 Hermann Cohen 1842 1918 is often held to be one of the most important Jewish philosophers of the nineteenth century Paul E Nahme in this new consideration of Cohen liberalism and religion emphasizes the idea of enchantment or the faith in and commitment to ideas reason and critique the animating spirits that move society forward Nahme views Cohen through the lenses of the crises of Imperial Germany the rise of antisemitism nationalism and

secularization to come to a greater understanding of liberalism its Protestant and Jewish roots and the spirits of modernity and tradition that form its foundation Nahme s philosophical and historical retelling of the story of Cohen and his spiritual investment in liberal theology present a strong argument for religious pluralism and public reason in a world rife with populism identity politics and conspiracy theories The Space of Culture Sebastian Luft,2015-10-01 Sebastian Luft presents and defends the philosophy of culture championed by the Marburg School of Neo Kantianism Following a historical trajectory from Hermann Cohen to Paul Natorp and through to Ernst Cassirer this book makes a systematic case for the viability and attractiveness of a philosophical culture in a transcendental vein in the manner in which the Marburgers intended to broaden Kant s approach In providing a philosophical study of culture Luft adheres to important Kantian tenets while addressing empirical studies of culture The Space of Culture culminates in an exploration of Cassirer s Philosophy of Symbolic Forms and argues for the extent to which Cassirer s thought was firmly rooted in the Marburg School despite his originality At the same time it shows how Cassirer opened up the philosophical study of culture to new horizons making it attractive for contemporary philosophy *The Tragedy of Optimism* Steven S. Schwarzschild,2018-01-29 Steven S Schwarzschild 1924 1989 was arguably the leading expositor of German Jewish philosopher Hermann Cohen 1842 1918 undertaking a lifelong effort to reintroduce Cohen s thought into contemporary philosophical discourse In The Tragedy of Optimism George Y Kohler brings together all of Schwarzschild s work on Cohen for the first time Schwarzschild s readings of Cohen are unique and profound he was conversant with both worlds that shaped Cohen s thought neo Kantian German idealism and Jewish theology The collection covers a wide range of subjects from ethics socialism the concept of human selfhood and the mathematics of the infinite to more explicitly Jewish themes This volume includes two of Schwarzschild s previously unpublished manuscripts and a scholarly introduction by Kohler Schwarzschild shows that despite its seeming defeat by events of the twentieth century Cohen s optimism about human progress is a rational indeed necessary path to peace *From Critical to Prophetic Idealism* Paul Nahme,2013 Substance and Function, and Einstein's Theory of Relativity Ernst Cassirer,Marie Taylor Collins Swabey,1923 The first part of the present book Substanzbegriff und funktionsbegriff was published in 1910 while the second part which we have called the supplement Zur Einstein schen relativit ts theorie appeared in 1921 Bibliography p 457 460 **The Journal of Jewish Studies** ,1997 **The Monist** Paul Carus,1922 Vols 2 and 5 include appendices *A Phenomenology of Love as Event* Nikolaas Cassidy-Deketelaere,2025-12-11 Rescuing Rudolf Bultmann from Heidegger s shadow Nikolaas Cassidy Deketelaere presents a philosophical reading of his theology which reveals his unique phenomenology of love as an event Bultmann 1884 1976 is often regarded as a mere footnote to Heidegger s philosophy a theologian whose thought was principally built on the Heideggerian analytic of human finitude Yet by reading Bultmann anew in light of other continental philosophers engagement with Heidegger from Jaspers and Levinas to Ric ur and Falque this book rejects that idea as a misunderstanding

Instead it contends that Bultmann radically develops and even improves upon Heidegger's phenomenology. Guiding the reader through his argument in a clear and compelling style, Cassidy Deketelaere reveals how Bultmann understands the experience of love as not being limited to an empirical occurrence but rather having a truly transcendental scope, what phenomenologists would now call an event. With this Bultmann's theology not only resolves the contemporary critique of Heidegger's method as precluding a dynamic between the empirical and transcendental but further provides a new alternative paradigm of human finitude based on love and not death. Heidegger or birth, Arendt. Far more than a footnote, *The Phenomenology of Love as Event* uncovers Bultmann's significant contribution to philosophy. Through his theological writings, Bultmann shows us that love is the central experience of human existence, one that transforms the being of Dasein despite Heidegger never allowing for it.

**The Idea of Atonement in the Philosophy of Hermann Cohen** Michael Zank, 2000  
Zank, Boston U. reappraises the work of German Judaic scholar Cohen (1842-1918) and aligns him with the tasks of Jewish philosophy first taken up in the period of Jewish-Muslim philosophical symbiosis. He considers his position between Judaism and philosophy, atonement in his project of renewing the Jewish philosophy of religion and ethics, and substance, self-consciousness, and concrete subjectivity. He developed the study from his 1994 doctoral dissertation for Brandeis University. He substitutes a detailed table of contents for an index. Distributed in the US by the Society of Biblical Literature. Annotation copyrighted by Book News Inc., Portland, OR.

### **Critical Philosophy Of Hermann Cohen Introduction**

In today's digital age, the availability of Critical Philosophy Of Hermann Cohen books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Critical Philosophy Of Hermann Cohen books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Critical Philosophy Of Hermann Cohen books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Critical Philosophy Of Hermann Cohen versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Critical Philosophy Of Hermann Cohen books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Critical Philosophy Of Hermann Cohen books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Critical Philosophy Of Hermann Cohen books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works

and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Critical Philosophy Of Hermann Cohen books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Critical Philosophy Of Hermann Cohen books and manuals for download and embark on your journey of knowledge?

### **FAQs About Critical Philosophy Of Hermann Cohen Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Critical Philosophy Of Hermann Cohen is one of the best book in our library for free trial. We provide copy of Critical Philosophy Of Hermann Cohen in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Critical Philosophy Of Hermann Cohen. Where to download Critical Philosophy Of Hermann Cohen online for free? Are you looking for Critical Philosophy Of Hermann Cohen PDF? This is definitely going to save you time and cash in something you should think about.
