Abravanel, 1978 Elementary and Secondary French-language Education in Ontario Ontario. Office of the Assistant Deputy Minister, Franco-Ontarian Education, Ontario. Ministry of Education. Policy Analysis and Legislation Branch, 1983 A study was undertaken in 1981-82 to review the implementation of the Ontario Cabinet submission of October 20, 1977 concerning French as a minority first language and the need for major improvements to provide equal educational opportunities in French language schools or classes. The report of the study presents the findings in seven sections as follows: 1. the background and philosophy of French language education in Ontario; 2. teacher education, certification and professional development; 3. curriculum and learning materials; 4. student needs and program responses; 5. funding of French language education; 6. other components of the educational system such as administration and governance; and 7. a summary of recommendations. Ministry of Education, 2004 Podium-info-action, 2007 *French-language Education in Simcoe County* Liesl Denise Minardi, 2001 This thesis traces the development of French language and French second language education in public schools in Simcoe County. It examines the challenge of reconciling the French and English languages and cultures which dominates Simcoe County and indeed Canada's history. It reviews the role of legislation both federal and provincial in the creation and implementation of French language programs in Ontario. It recounts the

attempts that have been made to bridge the linguistic and cultural gap that exists between the English and French by government and individuals alike and the success of Simcoe County's extended French classes in achieving this. The students in the extended French program seem to have a greater respect and understanding of the duality that exists in our country, an understanding that is essential to national unity. This thesis consists of four chapters. Chapter one examines the historical context of French in Simcoe County, concentrating on the Penetanguishene and Lafontaine areas. Chapter two examines government policy at the federal and provincial levels that was and is relevant to French language education. Chapter three examines the French second language programs in Simcoe County and the individuals who sought to implement more comprehensive programs. Chapter four examines the existing extended French program in Simcoe County at Barrie Central Collegiate in order to assess its strengths, weaknesses, and future direction.

The French Language in Ontario, 2001 to 2016 Alejandro A. Páez Silva, 2019. The purpose of this document is to present an overview of the prevailing language trends observed between 2001 and 2016 in Ontario. To this end, the document provides census-based information on the population who has French as their first official language spoken, mother tongue language spoken at home, or language used at work, as well as on the population who reported speaking French well enough to conduct a conversation.
