Cronica Ordo Sacerdotis Acta Hn:

Cronica Alastair Hamilton, 1988 Published as Kerkhistorische Bijdragen Documenta Anabaptistica volume 6 Religious Interactions in Europe and the Mediterranean World Katsumi Fukasawa, Benjamin J. Kaplan, Pierre-Yves Beaurepaire, 2017-07-14 The religious histories of Christian and Muslim countries in Europe and Western Asia are often treated in isolation from one another This can lead to a limited and simplistic understanding of the international and interreligious interactions currently taking place This edited collection brings these national and religious narratives into conversation with each other helping readers to formulate a more sophisticated comprehension of the social and cultural factors involved in the tolerance and intolerance that has taken place in these areas and continues today Part One of this volume examines the history of relations between people of different Christian confessions in western and central Europe Part Two then looks at the relations between Western and Eastern Orthodox Christianity Islam and Judaism in the vast area that extends around the Mediterranean from the Iberian Peninsula to western Asia Each Part ends with a Conclusion that considers the wider implications of the preceding essays and points the way toward future research Bringing together scholars from Asia the Middle East Europe and America this volume embodies an international collaboration of unusual range Its comparative approach will be of interest to scholars of Religion and History particularly those with an emphasis on interreligious relations and religious tolerance **Dutch Typography in the Sixteenth Century** Paul Valkema Blouw, 2013-06-03 When compiling the short title catalogue of books printed in the sixteenth century northern Netherlands from 1541 to 1600 Paul Valkema Blouw was confronted with a large number of problem cases such as anonymously and or surreptitiously printed editions fictitious printers and undated or falsely dated printed works By minutely analysing the typefaces initials vignettes and other ornaments used drawing from his extensive knowledge of secondary literature archival information and his unrivalled typographic memory he not only managed to attribute a surprising number of these publications to a printer but also could establish the period of time in which as well as the places where they must have been printed These findings and the ways in which they were reached are described in the present collection of papers They are of paramount importance to scholars engaged in research of the period concerned whether in the field of church history **The Apocryphal Apocalypse** Alastair Hamilton, 1999-09-16 This is the first study of the national history or book history reception of the apocryphal Second Book of Esdras 4 Ezra from the fifteenth to the eighteenth century Professor Hamilton discusses the concepts of biblical apocrypha and canonicity in connection with the increasingly critical attitude to religious authority which developed with the humanists and intensified with the Reformation The Book owed its initial success to Hebraists such as Pico della Mirandola and Bibliander It was used to account for the origins of Jewish Kabbalah and to prophesy political and religious events the fall of the Ottoman empire or the destruction of the papacy Anabaptists dissident Protestants of various persuasions Rosicrucians and Paracelsians consulted it not only as a work of prophecy but it is argued

as an emblem of dissent rejected by the official Churches At the same time more sober scholars both Protestants and Catholics scrutinized 2 Esdras with greater objectivity endeavouring to date it correctly and establish its authorship This study also investigates the interaction between their views and those of the Book's enthusiastic supporters **Spirit** David R. Como, 2004 Blown by the Spirit traces the story of the Antinomians the most important puritan radical group of the English civil war Most historians have been skeptical about the existence of this group or any group like it This book provides proof of the existence of the Antinomians as well as the important role they played in the pre history of the English **The Hybrid Reformation** Christopher Ocker, 2022-09-22 Studies the thought and actions of the Reformation s central figures reformers counter reformers and their supporters in the light of ordinary people The Life and Work of **Dirck Volkertszoon Coornhert** H. Bonger, 2004 The sixteenth century Dutch spiritualist and controversialist Dirck Volckertszoon Coornhert 1522 1590 is increasingly recognized as a pivotal figure in the cultural and political life of the early Dutch Republic With the appearance of Henk Bonger's widely acclaimed biography 1978 the first complete account of Coornhert's life became available in the Dutch language Today this biography is still the starting point of any serious research on Coornhert and his circle This translation now makes this standard biography available in English for the first time The translator profited from Henk Bonger's comments on the translated chapters and the author approved of adaptations and changes where these were deemed necessary The structure and most of the chapters of the book are as they were in the original The chief changes are the abridgment and combination into one chapter of the two original chapters on Coornhert's creative work and his translations. The ample quotes from Coornhert contained in the text enable the reader to attain a first hand acquaintance with Coornhert's profound thought and inimitable style References have been updated and some explanatory remarks intended for a non Dutch readership were added The translation is complemented with a full bibliography of Coornhert's writings as well as an up to date bibliography of the secondary literature with 25 illustrations

Bibliotheca dissidentium ,2003 The Life and Work of Dirck Volckertszoon Coornhert Henk
Bonger,2021-11-15 The sixteenth century Dutch spiritualist and controversialist Dirck Volckertszoon Coornhert 1522 1590 is
increasingly recognized as a pivotal figure in the cultural and political life of the early Dutch Republic With the appearance of
Henk Bonger's widely acclaimed biography 1978 the first complete account of Coornhert's life became available in the Dutch
language Today this biography is still the starting point of any serious research on Coornhert and his circle This translation
now makes this standard biography available in English for the first time. The translator profited from Henk Bonger's
comments on the translated chapters and the author approved of adaptations and changes where these were deemed
necessary. The structure and most of the chapters of the book are as they were in the original. The chief changes are the
abridgment and combination into one chapter of the two original chapters on Coornhert's creative work and his translations.
