**The Cross and the Crescent** Richard Fletcher, Richard A. Fletcher, 2005-01-25 The Cross and the Crescent is a brilliant account of the relations between Islam and Christianity from the time of Muhammad to the Reformation by England's leading mediaeval historian [The Cross and the Crescent](#) Richard Fletcher, 2004-03-04 A short brilliant account of the relations between Islam and Christianity from Muhammad to the Reformation Fletcher argues that though there were trading and cultural interactions between Islam and Christianity during the period when Arabs controlled most of the Mediterranean world neither side was remotely interested in the religion of the other Christian and Moslem lived side by side in a state of mutual religious aversion Given these circumstances if religious passions were to be stirred up confrontation would probably be violent He shows how religious misunderstanding and antagonism between the peoples of the book has been present since their earliest encounters

**Understanding Christian-Muslim Relations** Clinton Bennett, 2008-06-10 A topical investigation into Christian Muslim relationships which highlights the important need for improved understanding between the two communities in order to develop universal peace and justice

**The Christian Theological Tradition** Mark McInroy, Michael J. **Hagar, Sarah, And Their Children** Letty M. Russell, In different ways Judaism Christianity and Islam all trace their beginnings to Abraham His wives Hagar and Sarah though also pivotal in the story have received far less attention In this book however noted Jewish Christian and Muslim scholars focus on Hagar Sarah and their children from Ishmael and Isaac to their many descendents

through the centuries Moving from ancient and medieval sources to contemporary appropriations of the Sarah and Hagar story the authors begin with an overview of the three religions from their scriptural beginnings to their contemporary questions They then explore how the story was developed after its canonization in rabbinic interpretations in the stories of Islam and in the teachings of the early church fathers They also present contemporary womanist and feminist perspectives Timely relevant and provocative this book provides an entree into interreligious discussion and understanding

**The Spirit of Tolerance in Islam** Reza Shah-Kazemi, 2012-01-27 In 1932 the eminent British scholar of Islam Sir Hamilton Gibb wrote The nobility and broad tolerance of this religion Islam which accepted all the real religions of the world as God inspired will always be a glorious heritage for mankind No other society has such a record of success in uniting in an equality of status of opportunity and of endeavor so many and so various races of humanity Whither Islam Such scholarly objectivity towards the tolerance which has historically characterized the Islamic tradition as a whole is in short supply these days Through an insidious symbiosis of fanatical Muslims and prejudiced Islamophobes the very opposite image of Islam has emerged as one of the most dangerous stereotypes of our times The most cursory glance at history will not only reveal the falsity of this stereotype of an intolerant Islam it will also reveal the little known fact that not so long ago it was the Islamic world that provided models of tolerant conduct for a fanatically intolerant Christian world tearing itself apart over dogmatic differences The first part of this monograph examines the historical record of tolerance in the Islamic tradition illustrating the expression of the principle of tolerance through the rule of such dynasties as the Ottomans Mughals Fatimids and the Umayyads of Spain In the second the principle of tolerance is shown to be rooted in the spirit of the Qur'anic revelation and embodied in the exemplary conduct of the Prophet

*The Secret Legacy of Jesus* Jeffrey J. Bütz, 2009-12-21 Shows how the true teachings of Jesus were passed down through the centuries and shaped the vision of the Founding Fathers Reveals for the first time the hidden link that connects James the Brother of Jesus the Cathars the Knights Templar and Freemasonry Shows how the Founding Fathers used these teachings enshrined in Masonic principles to build a new nation With the success of Paul's desire to impose his vision for the Church the true teachings of Jesus as preserved by his family and disciples were forced into hiding This clandestine movement was evidenced by such early groups as the Nazarenes Ebionites and Elkesaites but is generally thought to have died out when the Church of Paul branded these groups as heretics However despite the ongoing persecution by the Roman Catholic orthodoxy this underground Jewish strain of Christianity was able to survive and resist incorporation into its more powerful rival Jeffrey Bütz author of *The Brother of Jesus and the Lost Teachings of Christianity* reveals for the first time the hidden theological link that connects James the Brother of Jesus and the Ebionites with the religion of Islam the Cathars the Knights Templar and Freemasonry In *The Secret Legacy of Jesus* Bütz demonstrates how this centuries old underground stream of Christ's original teachings remained alive and how it surfaced again in Colonial America where the Founding Fathers used Masonic principles rooted in Jewish Christian teachings to establish what

they believed would be a New Jerusalem With the rise of a fundamentalist Christianity this potent spiritual vision was lost but B tz contends it can be recovered and used to bring about the reconciliation of Christians Jews and Muslims throughout the world

**Crescent Between Cross and Star** Iftikhar Haider Malik,2006 Misperceptions and reservations about Islam registered a significant impetus following the tragic events of 9 11 and 7 7 Against a backdrop of intense Islamophobia and neo conservatism military invasions of Muslim countries and restrictive legislation on immigration and civil liberties have seriously affected inter community relationships bringing the Muslim diaspora under serious scrutiny Concurrently scholars and journalists have portrayed Islam as a hegemonic ideology needing reformation Polemicists and neo orientalis have left no stone unturned in denigrating Islamic humanism Diehard evangelists provide moral justification for this animus which reverberates across the globe through similar groups such as Likud and Hindutva While Muslims are overwhelmingly aggrieved over the destruction and denigration of their communities and heritage their problems of poverty universal disempowerment and alienation remain unattended by both their rulers and their Western backers whose own interests take priority Exposes of torture and brutalization of internees at Guantanamo Bay Abu Ghraib Jail Bagram Air Base and Israel s Facility 1391 and massacres such as those at Mazar i Sharif Kandahar Gujarat and Jenin have exacerbated Muslim anguish However such assaults have also generated an overdue intra Muslim debate in which scholars and youth groups can conduct a vital discourse on gender equality democracy pluralism and modernity This volume presents a historical account of relationships among the Abrahamic traditions and then focuses on recent scholarship and polemical outpourings which have spawned anti Muslim sentiments Case studies from Western and Southern Asia illustrate a complex interplay between the written word and volatile geopolitics Despite its focus on the Judaic Christian formulations vis a vis Islam the book also attempts to assess the Muslim position on ideological challenges presented by this dramatic phase in the tri polar relationship

Islam and Controversy A. Mondal,2014-11-03 Was Salman Rushdie right to have written The Satanic Verses Were the protestors right to have done so What about the Danish cartoons This book examines the moral questions raised by cultural controversies and how intercultural dialogue might be generated within multicultural societies

*The Grand Finale* Anton Wessels,2020-07-13 We often hear that we are living in apocalyptic times Wars like those in the Middle East are just more signs that the end is near That however is a misunderstanding of the message of the Bible and the Qur an The basic meaning of apocalypse is disclosure revelation bringing to light what is happening now and what has happened throughout all of history The apocalypse is not about making predictions about the future but about determining who bears responsibility for injustice in the world In that sense all times including ours are apocalyptic though in a different way than what is usually thought Since the devastating Greek conquest of the world by Alexander the Great there have been apocalyptic insights and revelatory readings of the whole Hebrew Bible The same is true of the New Testament with Rome as the world power then The same apocalyptic message is confirmed by the Qur an when the Byzantines and the Persians fought for mastery of the

world The apocalyptic message is that God will put an end to the unjust dominion of violence money and lies God's kingdom will certainly arrive but not through violence after all there is no violence in God Diognetus The Art of the Islamic Garden Emma Clark, 2004 The Islamic garden is regarded as one of the highest forms of visual art in the civilization of Islam The principal elements are water and shade they are also characterized by the chahar bagh a four fold pattern constructed around a central pool or fountain with four streams flowing toward the four corners of the earth Aesthetically this design provides a striking feature in itself however a true appreciation of an Islamic garden is only ever complete with an understanding of the spiritual symbolism manifested in its design and planting This lavish book provides both an intellectual guide to the symbolism of the Islamic garden and a practical guide to its component parts with recommendations for suitable trees shrubs and flowers and advice on creating an Islamic garden in cooler climates Garden designer Emma Clark teaches Visual Islamic and Traditional Arts at The Prince's Foundation London **Doubting Thomas in Medieval Exegesis and Art** Alexander Murray, 2006 **A History of Western Society, Volume I: From Antiquity to the Enlightenment** John P. McKay, Bennett D. Hill, John Buckler, Clare Haru Crowston, Merry E. Wiesner-Hanks, Joe Perry, 2011-01-31 Now from Bedford St Martin's A History of Western Society is one of the most successful textbooks available because it captures students interest in the everyday life of the past and ties social history to the broad sweep of politics and culture The tenth edition has been thoroughly revised to strengthen the text's readability heighten its attention to daily life and incorporate the insights of new scholarship including an enhanced treatment of European exploration and a thoroughly revised post 1945 section With a dynamic new design new special features and a completely revised and robust companion reader this major revision makes the past memorable and accessible for a new generation of students and instructors History Today, 2003 *The Cross & the Crescent* Jerald Dirks, 2008 Drawing on his seminary education and thirty years of interaction with Muslims in America and overseas the author digs deep into the roots of Christianity to bring out obscure information that highlights what was once common between Christianity and Islam Medieval Europe: A Short History Judith M.
