Cross Border Cooperation Ireland:

Cross-Border Cooperation in the Republic of Ireland and Northern Ireland E. Tannam, 1998-12-14 Tannam examines the cross border relationship between Northern Ireland and the Republic of Ireland through analysis of politicians civil servants and business communities and highlighting the impact of European Union membership and Anglo Irish policy on this subject

Cross-Border Cooperation as Conflict Transformation Maria-Adriana Deiana, Milena Komarova, Cathal McCall, 2022-02-27 Has European integration helped to build peace in Europe and its neighbourhood The book addresses this question through theoretically and empirically informed case studies that explore the successes of and the challenges to EU cross border cooperation as a tool for conflict transformation Conceptually the contributors link the question of transforming conflict to changing understandings of borders and bordering Empirically the contributions represent case studies of practices and discourses of EU sponsored cross border cooperation and challenges to it The case studies encompass the multiple geographical perspectives of the EU internal boundaries its sometimes disputed external borders and borders involving third countries From a thematic point of view the collection focuses on the intersection of two levels at which bordering processes unfold and are enacted the level of governance devolution and international intervention and that of grass roots or civil society efforts including cultural cooperation and artistic production The collection thus offers a kaleidoscopic view of border politics and conflict that zooms in and out of the EU frontiers and their geopolitics of peacebuilding security and cooperation The chapters in this book were originally published as a special issue of the journal *Geopolitics*

Border Cities and Territorial Development Eduardo Medeiros, 2021-11-21 This monograph analyses the role of border cities in promoting territorial development processes in border regions across the world It not only embraces the scientific fields of regional and urban studies but also addresses territorial urban local regional development and planning theories as well as the effects of development policies applied to border regions in both Europe and North America In essence the book offers a full toolkit of border regions territorial development knowledge and in particular advances a range of policy development proposals It provides a comprehensive introduction to contemporary thinking about how border cities can play a decisive role in boosting territorial development processes in border regions The book is divided into three parts Part I presents a theoretical framework on the role of border cities in promoting territorial development and planning in border regions Part II debates current mainstream policies focusing on supporting border regions and specifically border cities in the EU the UK and North America Finally Part III presents a wealth of updated knowledge based on the analysis of several concrete case studies border cities from both Europe north south east and west and North America Canada the United States and Mexico The chapters are written by some of the most renowned authors on the subject including scholars from several European and North American countries as well as the secretaries generals of three European border regions associations AEBC MOT and CESCO The book will thoroughly prepare students and provide knowledge to academics and policymakers in the fields of

urban and regional planning and development studies human geography economic development EU policies border regions and policy impacts

Crossing the Border John Coakley, Liam O'Dowd, 2007 This timely book provides the first sustained examination of cross border relationships since the momentous sequence of events that began with the Good Friday agreement of 1998 It looks at changing patterns of North South relations in three broad domains politics and public administration the economy and civil society Specific topics covered include the cross border implementation bodies the island economy the voluntary sector education health planning public policy and the EU The book draws on findings from a two year research project embracing a large multi disciplinary team based in Dublin Belfast Dundalk and Armagh The book also sets recent changes in perspective outlining the evolution of cross border relationships between partition in 1920 and the recent comprehensive settlement and exploring the extent to which leaders North and South remained in denial about the evolving impact and implications of the border until the closing decades of the 20th century The authors demonstrate how the search for a settlement in Northern Ireland has created a new dynamic in cross border relationships underlining the critical importance of these relationships in sustaining the peace process In a trenchant assessment of future prospects the book stresses the extent to which new North South relationships have been dependent on external funding from the EU and the US It argues that the diminution of these funds potentially threatens the sustainability of successful cross border programs putting the onus on the two governments to develop a more coherent and strategic approach to cross border co operation

The Changing Relationship Between Northern Ireland and the Republic of Ireland Cassandra Dennehy, 2008

European Border Regions in Comparison Katarzyna Stokłosa, Gerhard Besier, 2014-01-03 Borders exist in almost every sphere of life Initially borders were established in connection with kingdoms regions towns villages and cities With nation building they became important as a line separating two national states with different national characteristics narratives and myths The term border has a negative connotation for being a separating line a warning signal not to cross a line between the allowed and the forbidden The awareness of both mental and factual borders in manifold spheres of our life has made them a topic of consideration in almost all scholarly disciplines history geography political science and many others This book primarily incorporates an interdisciplinary and comparative approach Historians sociologists anthropologists and political science scholars from a diverse range of European universities analyze historical as well as contemporary perceptions and perspectives concerning border regions inside the EU between EU and non EU European countries and between European and non European countries

Planning Law and Practice in Northern Ireland Stephen McKay, Michael Murray, 2022-10-24 Each of the jurisdictions within the United Kingdom is constantly refining the operational characteristics of its planning system and while there are some common practices there are also substantive divergences In each territory the planning template is shaped within a dynamic political and legal context and thus students and practitioners require an accessible in depth and up to date literature dealing with this matter The multi disciplinary contributors to this expanded
