Haynes, 2012-11-02 *Spirituality and Growth on the Leadership Path* An Abecedary offers lessons not usually taught about leadership lessons learned over the author s more than thirty years in higher education and nonprofit organizations Few resources on leadership and administration attend to the inner life of a person in a leadership position Many of this book s themes are therefore related to the inner moral and spiritual life Some topics are prosaic dealing with everyday activities Throughout the book pith instructions offer simple practical advice about the inner process and core values that may inform the leadership path Haynes draws on the world s wisdom traditions philosophy and religion mysticism and theology including indigenous beliefs and rituals as rich resources for reconceiving leadership This abecedary includes drawings by artist Michael Shernick which are paired with entries from the chronicles of experience etymology and poetry examples of contemplative practice and meditation and metaphoric digressions Common elements such as lists and advice mix with uncommon elements including recipes This primer will provide inspiration and insight for navigating the shoals deep water rocky coasts wind and

sunny climes of the leadership journey **Meister Eckhart** Matthew Fox,2014-06-01 Though he lived in the thirteenth century Meister Eckhart's teachings were in many ways modern His thinking was deeply ecumenical encompassing Judaism Buddhism and Hinduism as well as shamanism and indigenous spirituality He advocated for social economic and gender justice taught about what we call ecology and championed artistic creativity All these elements have inspired Matthew Fox and influenced his Creation Spirituality While Fox recognizes that Eckhart has influenced everyone from Teresa of Avila to Eckhart Tolle Karl Marx to Carl Jung and Annie Dillard to Anne Morrow Lindbergh he also wants to introduce Eckhart to those activists addressing contemporary crises Toward that end and as he did in his Hildegard of Bingen Fox creates metaphorical meetings between Eckhart and the Dalai Lama Thomas Merton Joanna Macy Black Elk Rumi Adrienne Rich and others The result is wonderfully reader friendly profoundly substantive and deeply inspiring Triple Entendre Herve Vanel,2013-11-15 Triple Entendre discusses the rise and spread of background music in contexts as diverse as office workplaces shopping malls and musical performance Herv Vanel examines background music in several guises beginning with Erik Satie's Furniture Music of the late 1910s and early 1920s which first demonstrated the idea of a music not meant to be listened to and was later considered a precedent to modern functional background music Vanel argues that when the Muzak Corporation's commercialized ambient music became a predominant feature of modern life in the 1940s both as a brand and a genre of background music it also became a powerful instrument of social engineering in an advanced capitalist society Different kinds of music were developed to encourage or incite greater productivity in the workplace more energetic shopping or more animated socializing Vanel's discussion culminates in the creative response of the composer John Cage to the pervasiveness and power of background music in contemporary society Cage neither opposed nor rejected Muzak but literally answered its challenge by formulating a parallel concept that he called Muzak Plus Forty years after Satie presented his work to general critical puzzlement Cage saw how background music could be combined with mid century technology and theories of art and performance to create a participatory soundscape on a scale that Satie could not have envisioned again reconfiguring the listener's stance to music By examining the subterranean connections existing between these three formulations of a singular idea Triple Entendre analyzes and challenges the crucial boundary that separates an artistic concept from its actual implementation in life *Writings about John Cage* Richard Kostelanetz,1993 Distinguished composers performers and critics offer views of one of the most important figures in twentieth century music Art Lessons Deborah Haynes,2003 Through her personal reflections on art and what it means to be an artist the author provides a spiritual compass for today's emerging artists *Bookseller and the Stationery Trades' Journal* ,1978 **Choice** ,1975 **Books in Print** ,1981 *Directions in Contemporary American Ceramics* Jonathan L.
