**YouTube** Jean Burgess, Joshua Green, 2018-08-28 Since launching as a website for everyday video sharing in 2005 YouTube has become one of the world's most powerful digital media platforms. Originally published in 2009 when YouTube was only four years old, this book was the first to systematically investigate its cultural impacts and politics, highlighting the productive tensions between its amateur community rhetoric and its commercial media logics. Since then, YouTube has grown as a platform and matured as a company. Its business model is built on coordinating the interests of and extracting value from its content creators, audiences, advertisers, and media partners in a commercial setting where YouTube now competes with other powerful social media and streaming television platforms. Meanwhile, YouTube's diverse communities of content creators who developed the platform's most distinctive cultural forms and genres have strong ideas and interests of their own. While preserving the original edition's forensic analysis of YouTube's early popular culture and uses, this fully revised and updated edition weaves fresh examples, updated theoretical perspectives, and comparative historical insights throughout each of its six chapters. Burgess and Green show how, over its more than a decade of existence, YouTube's dual logics of commerciality and community have persisted, generating new genres of popular culture, new professional identities, and business models for the media industries, and giving rise to ongoing platform governance challenges. The book is essential reading for anyone interested in the contemporary and future implications of digital media platforms and will be particularly valuable for students and scholars in media communication and cultural studies.

**DIGITAL PAYBACK** ANUJ TANWAR, 2023-05-05 Digital Payback is designed as a book with practical experience for all management students. Topics included: Introduction to Digital Marketing, Social Media Marketing, Search Engine Optimization, Content Marketing, Blogging and Development, E-mail Marketing, Mobile Marketing, Website Development, Web Analytics, Google Ads, E-commerce Marketing, Google AdSense, Integrated Digital Marketing Strategy, Affiliate Marketing, Influencer Marketing, Online Reputation Management, Brand Management, Career Planning in Digital Marketing. This book is an indispensable resource for business leaders, business owners, marketing and sales professionals, digital strategists, and consultants, entrepreneurs, and students in business and marketing programs.

**Digital Intermediation** Jonathon Hutchinson, 2023-05-31 Digital Intermediation offers a new framework for understanding content creation and distribution across automated media platforms, a new mediatization process. This book draws on empirical and theoretical research to carefully identify and describe a number of unseen digital infrastructures that contribute to a predictive media production process through technologies, institutions, and automation. Field data is drawn from several international sites including Los Angeles, San Francisco, Portland, London, Amsterdam, Munich, Berlin, Hamburg, Sydney, and Cartagena. By highlighting an increasingly

automated content production and distribution process this book responds to a number of regulatory debates on the societal impact of social media platforms It highlights emerging areas of key importance that shape the production and distribution of social media content including micro platformisation and digital first personalities This book explains how technologies institutions and automation are used within agencies to increase exposure for the talent they manage while providing inside access to the processes and requirements of producers who create content for platform algorithms Finally it outlines user agency as a strategy for those who seek diversity in the information they access on automated social media content distribution platforms The findings in this book provide key recommendations for policymakers working within digital media platforms and will be invaluable reading for students and academics interested in automated media environments **How**

**to Lose the Information War** Nina Jankowicz,2020-06-11 Since the start of the Trump era the United States and the Western world has finally begun to wake up to the threat of online warfare and the attacks from Russia who flood social media with disinformation and circulate false and misleading information to fuel fake narratives and make the case for illegal warfare The question no one seems to be able to answer is what can the West do about it Central and Eastern European states including Ukraine and Poland however have been aware of the threat for years Nina Jankowicz has advised these governments on the front lines of the information war The lessons she learnt from that fight and from her attempts to get US congress to act make for essential reading How to Lose the Information War takes the reader on a journey through five Western governments responses to Russian information warfare tactics all of which have failed She journeys into the campaigns the Russian operatives run and shows how we can better understand the motivations behind these attacks and how to beat them Above all this book shows what is at stake the future of civil discourse and democracy and the value of truth itself **New Directions in Science and Environmental Communication: Understanding the Role of Online**
