How to Enhance Learning Efficiency When Online Learning is Popular and Indispensable: Theory, Research and Practice

Rong Lian,Chang Liu ,Juzhe Xi,2024-07-17 Online learning has become more and more common globally whether for comfort adapting to work hours or just having the freedom to study from anywhere And now under the coronavirus pandemic as people are having to stay at home it has become more important than ever Although the popularity of wireless network and portable smart device makes it possible for people to acquire and learn knowledge anytime and anywhere it does not necessarily mean an increased learning performance Relevant research in cognitive science has revealed possible limitations in online learning For example the knowledge acquired through online learning tends to be fragmented and lacks guidance for integrated thinking among different subjects which makes it difficult for learners to form a systematic knowledge structure Learners may experience cognitive overload metacognitive illusion and low learning efficiency in self regulated learning It follows that in the post COVID 19 era online learning puts forward new requirements and challenges to the contemporary students not only to their learning strategies but positive character traits in learning Most of the current learning theories were developed in the early

20th century and may not fit in well with the current situation then possibly leading to inefficient learning and increased learning burden Therefore it is necessary and important to reexplore the influencing factors and mechanisms that affect the learning efficiency of students at all levels nowadays based on which we could construct a theoretical model of efficient learning model **International Conference on STARTUPS & POST COVID 19 INDIAN ECONOMY**

Prof.N.Rajalingam,Prof.S.Madhavan,Prof.P.Ravi,Dr.T.Helan,Dr.G.Magesh Kuttalam,Dr.M.Bhoopal,Dr.K.N.Marimuthu, The buzz word USD 5 Trillion size of Indian economy in the next five years is more than the current size of the economy of Japan Germany It is both ambitious and inspiring Achieving this dream as a country particularly in the Post COVID 19 Pandemic season demands a high degree of creativity in addition to the hard and smart works It requires accelerating the current pace of innovation and development in addition to the up gradation of the systems and infrastructure so as to provide a better eco system than now The intent to achieve this mission definitely requires quite a good number of passionate entrepreneurs venturing their startups in plethora of fields and industries thereby requires the widening of the startup highway To make this happen it requires changes right from policy level to that of grass root It also requires to lift the spirit of young and old citizens living both in rural and urban areas of the country This virtual conference in its endeavour is attempting to provide space for the think tanks from the industry and the academia to share their creative insights This would turn the challenges thrown by this global epidemic and inspire the participants to prompt and be instrumental in taking the mission of initiating start up for achieving the USD 5 Trillion economy of India in the Post COVID 19 world Essentials of Nursing Informatics, 7th Edition Virginia K.
