The Starter Marriage and the

Future of Matrimony Pamela Paul, 2003-01-14 A pioneering look at first marriages lasting five years or less and ending without children Paul's book will be a lesson to those contemplating marriage and a comfort to those who falter *The Economist* What is it about marriage that makes today's twenty and thirtysomethings want it so badly And why do so many of their marriages despite high hopes and desires end in divorce Nobody goes into a starter marriage expecting to divorce and trade up to something better but like a starter home a starter marriage can teach you a lot about what to look for and what to avoid the next time around Drawing on extensive research and interviews with starter marriage vets Pamela Paul explores why young people are jumping in and out of marriage and what lessons can be drawn from their failures She shows how starter marriages can be avoided and why lifelong marriage is still a desirable achievable option for the next marrying generation

Mompreneurs Online Patricia Cobe, Ellen H. Parlapiano, 2001 According to the National Foundation of Women Business Owners six in ten women business owners use the Internet with frequency In this up to the minute book Patricia Cobe and Ellen H Parlapiano offer these entrepreneurial women advice on how to get an at home Web business up and running take an existing business online or find a company that allows telecommuting With the sound and timely advice in Mompreneurs Online women can build an Internet based kid friendly business in the comfort or chaos of their very own homes Target the hottest family friendly Web businesses Maximize online money making potential with innovative marketing strategies Build a dynamic website one that will keep visitors coming back again and again Network with other mompreneurs online

Family Patterns, Gender Relations Bonnie Fox, 1993 This book offers a collection of articles that together develop a systematic understanding of family Some examine cross cultural and historical variations of family patterns in order to highlight the social organization of things that otherwise seem natural The bulk of articles focus on the social relations of sexuality and intimacy reproduction parenting and living together Because these relations are typically gender relations a concern about gender inequality is constant throughout the book Nearly three dozen scholars have contributed to this collection and while most of the articles were previously published several are new
