media literacy is now a prerequisite for the remediation of the planet      **Ugly** Anita Bhagwandas,2023-02-16 We've all had those moments The ones where you look in the mirror and nothing feels ok For Anita Bhagwandas this started when she was a child and it created an enduring internal torment about her looks We're all told that this is just part of growing up but it stays with us evolving as we age The internet tells us we should love ourselves whilst bombarding us with images of airbrushed perfection upholding centuries old beauty standards which we can't always see Our beauty rituals are so often based around things we think we need to fix grow and develop sometimes tipping into dangerous obsession So what seismic shift does it take to break free from this mentality In *Ugly Anita* uncovers where these beauty standards started unpicks why they've been perpetuated and unmask the structures that continue to support them From the ever growing cosmetic surgery industry to the hidden pitfalls of pretty privilege it is time to finally break free from those limiting beauty standards because feeling ugly should have nothing to do with how we look and everything to do with who wants us to feel lacking      *Tik Tok Marketing for Entrepreneurs* Robert Kasey,2021-02-19 Would you like to Attract potential customers on Tiktok for your business If so this book is for you Tiktok has seen massive growth over the years And it's becoming more popular as the younger generations are creating and consuming more video content It's an app that gives users unrestricted freedom to create anything and everything under the sun With over 2 billion downloads worldwide and available in more than 150 countries Tiktok has become a way for creators to communicate their creativity to a marketing and advertising haven since its birth in 2018 Tapping into this market can boost your online presence dramatically Imagine what could that do for you as a growing influencer or an entrepreneur And despite what people say Tiktok is not going anywhere Its algorithm at this moment is easy to build upon which may be the reason why numerous creators entrepreneurs and individuals are keen on using the app Getting acquainted with Tiktok and producing content can prompt massive growth and be an excellent marketing strategy for your business Here's what you'll learn from this book Understand the basics of Tiktok Know the difference between using Tiktok versus other social media platforms How to make money on Tiktok Use Tiktok's algorithm to successfully market your business Learn to run an influencer marketing campaign And so much more If you are serious about marketing you need to tap into the power of one of the world's most popular video sharing app This collection offers you a roadmap to achieving Tiktok marketing success Scroll up Click on Buy Now with 1 Click and Grab a Copy Today      **DADLY Dollar\$**: How Marketing to Dads Will Increase Revenue and Strengthen Families Hogan Hilling, Tom Konecny, Don Hudson,2017-06-18 The idea of marketing to dads is as unconventional as a dad who chooses to relinquish his role as the primary breadwinner to become the primary caregiver for his family But as the at home dad movement has demonstrated since the birth of the National At Home Dad Network in 1996 it has had a profound impact in the changing role of today's modern dads who now view parenting as a shared responsibility One of which is as the primary or part time shopper for their families Since dads represent half the parenting population this book raises the following questions Why don't companies

view marketing to dads as an opportunity to increase revenue and potential profits Why do companies and advertisers continue to ignore the purchasing power of dads Why haven't companies conducted extensive studies on how dads buy products and services and also how to reach and connect with dads Research clearly shows that the dynamics of today's families and role of parents continue to evolve Yet companies and advertisers continue to use old school marketing strategies with mom as its primary target audience Yes the thought of dads as a potential primary or even part time shopper is hard to embrace as it was decades ago when companies shied away from the thought of a woman becoming the primary breadwinner The success of women in corporate America alone should indicate the reason for a change in a company or advertiser's marketing strategy DADLY Dollars will introduce companies and advertisers to a new untapped consumer dads It will also teach them how to reach and connect with dads market to dads capitalize on their purchasing power and how marketing to dads will increase their revenue profit and brand loyalty In addition it will also show a company the overall benefits to the economy families and communities
