Enablers, Barriers, and Challenges for Inclusive Curriculum Charamba, Erasmos, Ndhlovana, Shalom Nokuthula, 2025-05-29 United Nations 2030 Agenda for Sustainable Development Goal 4 seeks to ensure inclusive and equitable quality education and to promote lifelong learning opportunities for all learners Education can only unfold its full potential to transform our world if it is approached from a lifelong learning perspective In this way learners lives are brought closer to education through integrated multi sectoral approaches that draw the focus from supply to demand In order to achieve this institutions and educators need to

come up with strategies that are inclusive regardless of the student's intellectual challenges, physical stature, gender, language, culture, or mode of learning. **Enablers, Barriers, and Challenges for Inclusive Curriculum** examines the impact of enablers and barriers on education for students and teachers. It discusses promoting inclusive curriculum in face-to-face, online, and blended learning environments. Covering topics such as educational transitions, large classrooms, and school-going young mothers, this book is an excellent resource for educators, student teachers, parents, policymakers, professionals, researcher, scholars, academicians, and more.

**Adopting Artificial Intelligence Tools in Higher Education** Thangavel Murugan, Karthikeyan Periasamy, A.M. Abirami, 2025-01-24 This book offers a modern exploration of the intersection of technology and education. It examines the prospects of integrating different AI tools into higher education and explores the challenges, opportunities, and innovative solutions for the different issues surrounding the use of AI in higher education. Each chapter discusses a different area where AI can enhance the educational landscape, such as AI integration in higher education and immersive virtual reality-based learning environments. The book also emphasizes student-centered learning, AI-powered frameworks for academic excellence, and learner-centric pedagogies. Furthermore, it delves into the role of AI in personalized learning in STEM courses, the development of AI-based tutoring systems, and the use of machine learning to identify students' mental health status. The volume concludes with *Dynamic Horizon*, which examines how AI and gamification are shaping higher education. This book is essential for educators, administrators, researchers, and policymakers who want to leverage AI to create an adaptive, personalized, and engaging learning environment. **Adopting Artificial Intelligence Tools in Higher Education** provides valuable insights into the future of education, paving the way for a more empowered and enlightened academic world.

**Enhancing Classroom Dialogue Productiveness** Yu Song, 2024-11-08 This book demonstrates how artificial intelligence (AI) can be used to uncover the patterns of classroom dialogue and increase the productiveness of dialogue. In this book, the author uses a range of data mining techniques to explore the productive features and sequential patterns of classroom dialogue. She analyses how the Large Language Model (LLM) as an AI technique can be adapted to enhance dialogue contributions. The book also includes valuable feedback and practical cases from teachers and their dialogue transcripts, facilitating an understanding of AI use and pedagogical development. This book makes original contributions to the field of classroom dialogue and technology, and it will encourage scholars making similar attempts at technological infusion for pedagogical improvement.
