**Technology and Language Learning** Eric Frigal, Wing Yee Jenifer Ho, 2025-12-22 **Technology and Language Learning: Effective Podcasting and Video Based Language Teaching Practices in the Age of Generative AI** provides English language teachers with a practical guide to integrating podcasting, video based materials and Generative AI/GenAI technologies into their classrooms. Focused on ESL, EFL and ELT, the book demonstrates how these tools enhance engagement, accessibility and autonomy while fostering skills like listening comprehension, vocabulary development and creative language use. Teachers will find strategies for using podcasts in flipped classrooms, designing authentic video activities and guiding students in creating multimodal content. The book highlights GenAI tools like ElevenLabs, Canva and Synthesia for generating adaptive, accessible materials tailored to diverse learners. Addressing challenges and opportunities, it emphasizes balancing AI generated content with authentic language practice. Real world examples and case studies illustrate practical applications in culturally sensitive and inclusive ways. Whether in traditional, hybrid or online settings, it offers actionable guidance for leveraging digital tools as transformative components of modern pedagogy, preparing students to thrive in a GenAI driven, globally connected world. By bridging research and practice, this textbook empowers teachers and practitioners to reimagine classrooms as dynamic spaces where technology supports creativity, collaboration and critical thinking.
