Barbieri-Low, Robin D.S. Yates, 2015-11-02 Law State and Society in Early Imperial China has been accorded Honorable Mention status in the 2017 Patrick D Hanan Prize China and Inner Asia Council CIAC of the Association for Asian Studies for Translation competition In Law State and Society in Early Imperial China Anthony J Barbieri Low and Robin D S Yates offer the first detailed study and translation into English of two recently excavated early Chinese legal texts The Statutes and Ordinances of the Second Year consists of a selection from the long lost laws of the early Han dynasty 206 BCE 220 CE It includes items from twenty seven statute collections and one ordinance The Book of Submitted Doubtful Cases contains twenty two legal case records some of which have undergone literary embellishment Taken together the two texts contain a wealth of information about slavery social class ranking the status of women and children property inheritance currency finance labor mobilization resource extraction agriculture market regulation and administrative geography Tang China and the Collapse of the Uighur Empire Michael Drompp, 2021-11-29 The extant writings of the late Tang chief minister Li Deyu form the basis for Michael Drompp s reconstruction of the Tang dynasty s response to a threatening event viz the collapse of the Uighur steppe empire in 840 C E and the subsequent fleeing of large numbers of Uighur refugees to China s northern frontier Through a translation of seventy relevant documents the author analyzes the rhetoric of the crisis as well as its aftermath The extant writings of Li Deyu uniquely allow an in depth look into Chinese Inner Asian relations very unusual for such an early period This volume permits us a close look at the workings of the late Tang government particularly in terms of policy formation and implementation as well as the rhetoric surrounding such activities *Heaven Is Empty* Filippo Marsili, 2018-11-01 Heaven Is Empty offers a new comparative perspective on the role of the sacred in the formation of China s early empires 221 BCE 9 CE and shows how the unification of the Central States was possible without a unitary and universalistic conception of religion The cohesive function of the ancient Mediterranean cult of the divinized ruler was crucial for the legitimization of Rome s empire across geographical and social boundaries Eventually reelaborated in Christian terms it came to embody the timelessness and universality of Western conceptions of legitimate authority while representing an analytical template for studying other ancient empires Filippo Marsili challenges such approaches in his examination of the reign of Emperor Wu of the Han 141 87 BCE Wu purposely drew from regional traditions and tried to gain the support of local communities through

his patronage of local cults He was interested in rituals that envisioned the monarch as a military leader who directly controlled the land and its resources as a means for legitimizing radical administrative and economic centralization In reconstructing this imperial model Marsili reinterprets fragmentary official accounts in light of material evidence and noncanonical and recently excavated texts In bringing to life the courts battlefields markets shrines and pleasure quarters of early imperial China Heaven Is Empty provides a postmodern and postcolonial reassessment of religion before the arrival of Buddhism and challenges the application of Greco Roman and Abrahamic systemic identity and exclusionary notions of the sacred to the analysis of pre Christian and non Western realities

**A History of China: Prehistory to c. 1800** J. A. G. Roberts,1996 *China* J. A. G. Roberts,2000 *China Taoism, Death, and Bureaucracy in Early Medieval China* Peter Samuel Nickerson,1996 *Development and Frustrations of Statecraft in Mid-Ming China* I-fan Ch'eng,1988 *The Cambridge History of China* John King Fairbank,1986 International scholars and sinologists discuss culture economic growth social change political processes and foreign influences in China since the earliest pre dynastic period *Court Culture and Literature in Early China* David R. Knechtges,2002 The studies brought together here focus upon the literary and cultural activity of the Chinese court during the Han and early medieval period The first section concerns court literature in the Former Han and deals with the role of literature especially poetry at both the imperial and princely courts including one study of the writings attributed to an imperial concubine who used poetry to express her resentment at falling from the emperor s favour The next section looks at a leading court writer of the Late Western Han dynasty Yang Xiong while the third part deals with the leading poetic genre of this period the fu or rhapsody These papers examine major themes such as praise travel dating and authenticity and problems of translation The volume concludes with two articles on food culture in early and medieval China *The Journal of Asian Studies* ,1976 *War and Society in the Ancient and Medieval Worlds* Kurt A. *Protest and Crime in China* Ssu-yü Teng,1981 **Manufacturing 'Confucianism'** Lionel Millard Jensen,1992 *The Culture of Sex in Ancient China* Paul R. Goldin,2002 The subject of sex was central to early Chinese thought Discussed openly and seriously as a fundamental topic of human speculation it was an important source of imagery and terminology that informed the classical Chinese conception of social and political relationships This sophisticated and long standing tradition however has been all but neglected by modern historians In *The Culture of Sex in Ancient China* Paul Rakita Goldin

addresses central issues in the history of Chinese attitudes toward sex and gender from 500 B C to A D 400 A survey of major pre imperial sources including some of the most revered and influential texts in the Chinese tradition reveals the use of the image of copulation as a metaphor for various human relations such as those between a worshiper and his or her deity or a ruler and his subjects In his examination of early Confucian views of women Goldin notes that while contradictions and ambiguities existed in the articulation of these views women were nevertheless regarded as full participants in the Confucian project of self transformation He goes on to show how assumptions concerning the relationship of sexual behavior to political activity assumptions reinforced by the habitual use of various literary tropes discussed earlier in the book led to increasing attempts to regulate sexual behavior throughout the Han dynasty Following the fall of the Han this ideology was rejected by the aristocracy who continually resisted claims of sovereignty made by impotent emperors in a succession of short lived dynasties Erudite and immensely entertaining this study of intellectual conceptions of sex and sexuality in China will be welcomed by students and scholars of early China and by those with an interest in the comparative development of ancient cultures Paperbound Books in Print ,1992 **The Seven Military Classics Of Ancient China** Ralph D.
