Kobetz, 1974 A collection of 36 articles which describe how law enforcement agencies are learning to recognize crisis situations train personnel in crisis intervention techniques and establish crisis units The problem of increasing violence and police efforts to cope with this phenomenon are first discussed Topics covered in the selected readings include conflict management and crisis intervention specialized units the understanding and handling of crisis intervention situations training crisis intervention personnel and obtaining funds for specialized units program planning and evaluation A wide range of crisis situations are discussed including family disputes suicide prevention disaster operations and dealing with alcoholics or the mentally ill

Phenomenology and Treatment of Psychiatric Emergencies B.S. Comstock, W.E. Fann, A.D. Pokorny, Robert L. Williams, 2012-12-06 psychiatric treatment approaches there are opportunities for trial and error exploration and reconsideration revision of treatment approach and correction of errors Revisions and corrections are based on observations of progress and on response from patients about the impact of treatment efforts But emergency interventions usually are one time efforts involving a sequence of evaluation therapeutic intervention and referral out Response is limited or absent and there are no opportunities for corrections over time Therefore interventions and referrals must be made on the basis of first evaluations with positive conviction related to current best effort and despite the lack of guidance derived from tracking the patient's progress over time The staff must tolerate the risk taking required and must also be prepared to forego the gratification of seeing the beneficial results of the work done Even in programs structured to allow return visits and despite the occasional information provided by other agencies after referrals the majority of patients are lost to follow up The usefulness of specific interventions is hard to evaluate and the satisfaction of seeing a task completed is rarely available The emergency program staff must tolerate a considerable amount of stress in the environment Emergency care centers are collection points for an extraordinary volume of human suffering The anxieties and strains associated with persistent urgency of need alarm related to unexpected difficulties fearfulness about outcome closeness of death and presence of pain pervade the atmosphere

Coping with Physical Illness Rudolf Moos, 2012-12-06 This book discusses how human beings cope with serious physical illness and injury A conceptual model for understanding the process of coping with the crisis of illness is provided and basic adaptive tasks and types of coping skills are identified The major portion of the book is organized around various types of physical illness These physical illnesses which almost all people face either in themselves or their family members raise common relevant coping issues The last few sections cover the crisis of treatment emphasizing the importance of unusual hospital environments and radical new medical treatments of

stresses on professional staff and of issues related to death and the fear of dying The material highlights the fact that people can successfully cope with life crises such as major illness and injury rather than the fact that severe symptoms and or breakdowns sometimes occur The importance of support from professional caregivers such as physicians nurses and social workers and from family friends and other sources of help in the community is emphasized Many of the selections include case examples which serve to illustrate the material Coping with Physical Illness has been broadly conceived to meet the needs of a diverse audience There is substantial information about how human beings cope with illness and physical disability but this material has never been collected in one place

Practising Social Work Christopher P. Hanvey, Terry Philpot, 1994 Social work currently faces some of its biggest challenges as a profession This book provides a systematic exploration of the whole range of methods and approaches taking in client groups from young offenders to elderly people

Social Work with Children Juliet Berry, 2025-09-01 First published in 1972 Social Work with Children presents a detailed examination of children and their needs in our society The author moves from an initial discussion of the pleasures and pressures inherent in parenthood towards considering how children may be helped in their social development She distinguishes between situations in which children may benefit from direct casework help and those in which aid may be more appropriately offered by parents or caretakers and shows how such treatment can be carried out She deals with special circumstances in relation to adoption fostering residential care neglect and ill treatment and considers the position of the handicapped immigrant or delinquent child In a final chapter she discusses methods of social work other than casework including group work community work and social action Juliet Berry makes frequent use of case illustrations and throughout the book she provides an extensive guide to further reading
