Harold Laski, the Reluctant Marxist

Peter Lamb, 2024-09-13 This book examines Harold Laski's relationship to Marxism Laski was a reluctant Marxist he had been a pluralist democratic socialist who wanted to reach a better society by means of parliamentary constitutional and associational channels In fact he never abandoned these early aspirations In the 1930s and 1940s he wove them into a distinctive Marxist position as he gradually came to believe that there was no answer to Marxist philosophy on history social change and the prospects for socialism It is the incorporation of his earlier political thought into his later work that makes his Marxism so fascinating and his work raises important questions Harold Laski's Marxism aims to bring a relatively forgotten political theorist back into the spotlight Peter Lamb provides an overview to Laski's political thought in the 20th century and explores his connections to essential foundations of Marxist thought He ends with a discussion of ways in which Laski's Marxism is of lasting significance and can contribute to more recent Marxist and neo Marxist debates
