**The Critic Sees** Sarah Gill,1993      **The Critics Say...** Matt Windman,2016-05-04 What will happen to the theater when there are no more critics With the decline of print media and the rise of online journalism theater critics are facing hard times As their influence fades will the industry they cover be adversely affected or can bloggers and message boards fill the void Can a new economic model be created for theater criticism How can critics lucky enough to still have jobs stay relevant in the age of social media Speaking of which what does a theater critic really do and how do you become one In this book Matt Windman a theater critic himself interviews more than 50 critics from New York and around the country including Ben Brantley Charles Isherwood John Lahr Terry Teachout Linda Winer Chris Jones David Cote John Simon and Peter Filichia They discuss their long careers and the nightly process of evaluating plays and musicals and offer their thoughts on the future of the profession      **The Ancient Critic at Work** René Nünlist,2009-03-19 The large but underrated corpus of Greek scholia the marginal and interlinear notes found in manuscripts is a very important source for ancient literary criticism The evidence of the scholia significantly adds to and enhances the picture that can be gained from studying the relevant treatises such as Aristotle s Poetics scholia also contain concepts that are not found in the treatises and they are indicative of how the concepts are actually put to use in the progressive interpretation of texts This book also demonstrates that it is vital to study both ancient terminology and the cases where a particular phenomenon is simply paraphrased Nineteen thematic chapters provide a repertoire of the various terms and concepts of ancient literary criticism The relevant witnesses are extensively quoted in Greek and English translation A glossary of Greek terms with translation and several indices enable the book also to be used for reference      **Rhetorical Criticism** Jim A. Kuypers,2016-04-21 Now in its second edition Rhetorical Criticism Perspectives in Action presents a thorough accessible and well grounded introduction to contemporary rhetorical criticism Systematic chapters contributed by noted experts introduce the fundamental aspects of a perspective provide students with an example to model when writing their own criticism and address the potentials and pitfalls of the approach In addition to covering traditional modes of rhetorical criticism the volume presents less commonly discussed rhetorical perspectives exposing students to a wide cross section of techniques      The Principles of Criticism William Basil Worsfold,1916

*The Critic* ,1897      *The Critic* Jeannette Leonard Gilder,Joseph Benson Gilder,1892      **Thoughts About Art** Philip Hamerton,2024-01-12 Reprint of the original first published in 1874      Definition in Theory and Practice Roy Harris,Christopher Hutton,2007-05-24 The problem of definition has a long history and has engaged the minds of some of the most eminent thinkers in the Western tradition from Plato and Aristotle onwards But it is also an everyday problem constantly confronting all who have to draft or interpret the countless texts on which modern society depends Definition in Theory and Practice focuses on two areas where difficulties arise in a particularly acute form lexicography and the law

Examining a wide range of approaches and definitional techniques backed up by detailed analyses of dictionary entries and court cases the authors provide a comprehensive survey of their subject They argue that what underlies the problem of definition are conflicting assumptions about the way language functions This in depth study of definition will be of interest to academics researching lexicography semantics and the intersection of linguistics and jurisprudence *The Academy* ,1898
