Critical Crossings The New York Intellectuals In Postwar America:

Critical Crossings Neil Jumonville, 1991-01-01 I did not think it was possible to say something new about the New York intellectuals I was wrong Jumonville takes a unique approach he shows why their ideas mattered and still do This book rekindles one's faith in the intellectual enterprise Alan Wolfe author of *Whose Keeper* So much has been written on the New York intellectuals they may someday attain the historiographical status of Perry Miller's Puritans and F O Matthiessen's Transcendentalists Jumonville's excellent book demonstrates why the subject deserves fresh study Rises above ideological rancor to achieve empathy and thoughtful judicious reflection John Patrick Diggins author of *The American Left in the Twentieth Century* **The American Liberal Tradition Reconsidered** Mark Hulliung, 2010 Eight prominent scholars consider whether Louis Hartz's interpretation of liberalism in his classic 1955 book should be repudiated or updated and whether a study of America as a liberal society is still a rewarding undertaking Harold Rosenberg Debra Bricker Balken, 2021-10-06 Despite being one of the foremost American intellectuals of the mid twentieth century Harold Rosenberg 1906 1978 was utterly incapable of fitting in and he liked it that way Signature cane in one hand and a cigarette in the other he cut a distinctive figure on the New York City culture scene with his radiant dark eyes and black bushy brows A gangly giant at six foot four he would tower over others as he forcefully expounded on his latest obsession in an oddly high pitched nasal voice And people would listen captivated by his ideas With *Harold Rosenberg A Critic's Life* Debra Bricker Balken offers the first ever complete biography of this great and eccentric man Although he is now known mainly for his role as an art critic at the New Yorker from 1962 to 1978 Balken weaves together a complete tapestry of Rosenberg's life and literary production cast against the dynamic intellectual and social ferment of his time She explores his role in some of the most contentious cultural debates of the Cold War period including those over the commodification of art and the erosion of individuality in favor of celebrity demonstrated in his famous essay *The Herd of Independent Minds* An outspoken socialist and advocate for the political agency of art he formed deep alliances with figures such as Hannah Arendt Saul Bellow Paul Goodman Mary McCarthy Jean Paul Sartre Willem de Kooning and Jackson Pollock all of whom Balken portrays with vivid accounts from Rosenberg's life Thoroughly researched and captivantly written this book tells in full Rosenberg's brilliant fiercely independent life and the five decades in which he played a leading role in US cultural intellectual and political history **Dwight MacDonald and the Politics Circle** Gregory D. Sumner, 1996 Sumner finds the clearest expression of Macdonald's creative power and of the political thinking that would eventually bridge the Old Left and the New The Hand of God Michael Gauvreau, 2017-10-01 A magisterial biography of a major Canadian and Quebec public intellectual **The Oxford Handbook of American Jewish History** Shari Rabin, Michael R. Cohen, Stuart and Suzanne Grant Professor in the American Jewish Experience Michael R Cohen, 2025-12-09 The Oxford Handbook of American Jewish History creates a vibrant dialogue among the varied approaches to the study of American Jews taking stock of the field and working to move it

forward in conversation with American history and modern Jewish history Defining the Age Paul Starr, Julian E. Zelizer, 2022-02-01 The sociologist Daniel Bell was an uncommonly acute observer of the structural forces transforming the United States and other advanced societies in the twentieth century The titles of Bell's major books *The End of Ideology* 1960 *The Coming of Post Industrial Society* 1973 and *The Cultural Contradictions of Capitalism* 1976 became hotly debated frameworks for understanding the era when they were published In *Defining the Age* Paul Starr and Julian E. Zelizer bring together a group of distinguished contributors to consider how well Bell's ideas captured their historical moment and continue to provide profound insights into today's world Wide ranging essays demonstrate how Bell's writing has informed thinking about subjects such as the history of socialism the roots of the radical right the emerging postindustrial society and the role of the university The book also examines Bell's intellectual trajectory and distinctive political stance Calling himself a socialist in economics a liberal in politics and a conservative in culture he resisted being pigeon holed especially as a neoconservative *Defining the Age* features essays from historians Jenny Andersson David A. Bell Michael Kazin and Margaret O. Mara sociologist Steven Brint media scholar Fred Turner and political theorists Jan Werner Müller and Stefan Eich While differing in their judgments they agree on one premise Bell's ideas deserve the kind of nuanced and serious attention that they finally receive in this book *Encyclopedia of the Essay* Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies **Critical Citizens for an Intercultural World** Manuela Guilherme, 2002 This book examines the acquisition of requests in English by a seven year old Japanese girl during her 17 month residence in Australia The study focuses on the linguistic repertoire available to the child as she attempts to make requests and vary these to suit different goals and addressees This book helps unravel features of pragmatic development in the child's interlanguage a subject about which we yet know very little *The Columbia History of Post-World War II America* Mark Christopher Carnes, 2007 Encyclopedia of American Cultural & Intellectual History Mary Kupiec Cayton, Peter W. Williams, 2001 Presents cross referenced essays along with sidebars and illustrations that chronicle and examine the evolution of American thought and expression Topic areas include eras from the 1940s through the 1990s cultural groups geography and cultural centers nature human nature and the supernatural and the political order *The American Jewish Archives Journal* , 2004 **The New Republic** Herbert David Croly, 1990 **The Secret Lives of Consumer Culture** Jesse Isaac Berrett, 1996 **The Oasis** Hugh Wilford, 1992 *Cold War Poetry* Edward Brunner, 2000 He also examines the one sided authority of the male dominated book review process the ostracizing

of female and minority poets poetic fads such as the ubiquitous sestina and the power of the classroom anthology to establish criteria for reading Decoding the politics embedded in the poetry of an ostensibly apolitical time Edward Brunner s Cold War Poetry provides a powerful rereading of a pivotal decade BOOK JACKET **Copland in the Fifties** Jennifer L. DeLapp,1997

A Rebel In Defense Of Tradition Michael Wreszin,1994-05-03 This book is the quintessential story of an American awakening It is the tale of an upper middle class white male schooled in the elite institutions of the WASP establishment who managed to jettison all of the prejudices and provincialism of his class and through the force of his inquiring mind to become one of the most penetrating critics of mid century American civilization **Writing Lives** Hans Bak,Hans Krabbendam,1998
