Critique Of Dialectical Reason:

Critique of Dialectical Reason: Theory of practical ensembles Jean-Paul Sartre, 2004 During the Algerian War Jean Paul Sartre reappraised his own philosophical and political thought and wrote it up as a critique of dialectical reason In this first volume of his writings a new introduction has been added by Frederic Jameson

Critique of Dialectical Reason, Vol. 2 Jean-Paul Sartre, 2006-07-17 Volume Two of Sartre s intellectual masterpiece introduced by Fredric Jameson

A Commentary on Jean-Paul Sartre's Critique of Dialectical Reason Joseph S. Catalano, 2013-01-17 Sartre s Critique of Dialectical Reason ranks with Being and Nothingness as a work of major philosophical significance but it has been largely neglected The first volume published in 1960 was dismissed as a Marxist work at a time when structuralism was coming into vogue the incomplete second volume has only recently been published in France In this commentary on the first volume Joseph S Catalano restores the Critique to its deserved place among Sartre s works and within philosophical discourse as a whole Sartre attempts one of the most needed tasks of our times Catalano asserts the delivery of history into the hands of the average person Sartre s concern in the Critique is with the historical significance of everyday life Can we he asks as individuals or even collectively direct the course of our history A historical context for our lives is given to us at birth but we sustain that context with even our most mundane actions buying a newspaper waiting in line eating a meal In looking at history Sartre argues reason can never separate the historical situation of the investigator from the investigation Thus reason falls into a dialectic always depending upon the past for guidance but always being reshaped by the present Clearly showing the influence of Marx on Sartre s thought the Critique adds the historical dimension lacking in Being and Nothingness In placing the Critique within the corpus of Sartre s philosophical writings Catalano argues that it represents a development rather than a break from Sartre s existentialist phase Catalano has organized his commentary to follow the Critique and has supplied clear examples and concrete expositions of the most difficult ideas He explicates the dialogue between Marx and Sartre that is internal to the text and he also discusses Sartre s Search for Method which is published separately from the Critique in English editions

Critique of Dialectical Reason Jean-Paul Sartre, 1976 Critique of Dialectical Reason is the product of a later stage in Sartre s thinking during which he no longer identified Marxism with the Soviet Union or French Communism but came closer to identifying as a Marxist It puts forward a revision of Existentialism and an interpretation of Marxism as a contemporary philosophy par excellence one that can be criticized only from a reactionary pre Marxist standpoint

Critique of Dialectical Reason, Vol. 1 Jean-Paul Sartre, 2020-05-05 At the height of the Algerian war Jean Paul Sartre embarked on a fundamental reappraisal of his philosophical and political thought The result was the Critique of Dialectical Reason an intellectual masterpiece of the twentieth century now republished with a major original introduction by Fredric Jameson In it Sartre set out the basic categories for the renovated theory of history that he believed was necessary for post war Marxism Sartre s formal aim was to establish the dialectical intelligibility of history itself as what he called a

totalisation without a totaliser But at the same time his substantive concern was the structure of class struggle and the fate of mass movements of popular revolt from the French Revolution at the end of the eighteenth century to the Russian and Chinese revolutions in the twentieth their ascent stabilisation petrification and decline in a world still overwhelmingly dominated by scarcity
