Critiques Of God A Major Statement Of The Case Against Belief In God:

The Debaters of This Age Steven H Propp,2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time The New Atheists Fr. Michael Azkoul,2017-03-22 The new atheists criticize Christianity according to assumptions that are native to the Western understanding of religion Those assumptionstheological ecclesiological and even anthropological and cosmologicaloriginate in the occidental Middle Ages The new atheists and all atheists are unwilling to confess that their worldview is indebted to Western Christian thought indeed their atheism is product of this religion There would be no science without it Moreover the new atheists are ignorant of what we call Eastern Christianity Eastern Orthodoxy If they knew that truth was not the product of reason they would have encountered God the one true God not the abstract deity supreme being of Western thought Unfortunately the argument of theists delineated in public debates only strengthens the position of the new atheists In himself God is unknown and unknowable We know him because he reveals himself to those who seek him that is the Holy Trinity Of course the knowledge of God is not cognitive but gnostic spiritual knowledgesomething impossible for materialists Also the new atheists examine the nature and history of the church with false assumptions derived from the history of the West They a priori deny the existence of the supernatural and therefore the validity of the gospel spoken and written Into all this is thrown a false theology and therefore of Incarnate Lord and his place in history And of course the new atheists have no knowledge of the Eastern Church for no other reason than that they deny the supernatural holding that all forms of Christianity are fundamentally the same and that access to God and his will comes to the holy The Journal of Philosophy ,1976

Annual Review of the Sociology of Religion. Volume 7 (2016) Roberto Cipriani,Franco Garelli,2016-06-27 Recent studies show that atheism is increasing The reasons for this development have not as yet been examined thoroughly Many atheists continue to be residual groups in surveys on religiosity making it difficult to examine who they are and why they have chosen to be atheists Moreover they are minority groups in most countries former Soviet bloc countries are left out of discussion many do not identify with any organized groups of atheists or agnostics Atheist groups and ideologies then represent a wide range of attitudes behaviour and ways of acting towards religion The lack of a clear definition of what being atheist or an unbeliever means today invites us to study the issue in greater depth This volume represents a first attempt at understanding and scrutinizing atheism Thanks to all contributors it provides both a global perspective and specific insights into specific cases The London Quarterly Review ,1882 *The Saturday Review of Politics, Literature, Science and Art* ,1863 **The Cambridge Review** ,1884 Vols 1 26 include a supplement The University pulpit vols 1 26 no 1 661 which has separate pagination but is indexed in the main vol *Contemporary Critiques of Religion* Kai Nielsen,1971 Contemporary Critiques of Religion sustains a probing dialogue between belief and unbelief After isolating the central intellectual perplexities of Judaeo Christian belief it examines contemporary empiricist critiques of religion to reveal how essentially problematic is the mature Judaeo Christian concept of God Rebuttals to such an empiricist critique of religion are then considered in some detail In Chapter 5 a form of conceptual relativism is isolated and examined The implications of such a relativism it is argued are those of scepticism and not those of a total commitment to either belief or unbelief Finally a careful examination reveals the conceptual incoherencies of the logic of non anthropomorphic God talk Publisher **The Westminster review [afterw.] The London and Westminster review [afterw.] The Westminster review [afterw.] The Westminster and foreign quarterly review [afterw.] The Westminster review [ed. by sir J.
